The Commissioners of the Texas Commission on Environmental Quality (TCEQ) may attend and participate in the El Paso Environmental Summit. Issues include an adult program of “Stepping Up to the Plate” which discusses finding solutions for the illegal dumping of tires and a youth program which discusses the “A Bag’s Life” and the “Ban the Bottle” initiatives. The purpose of this Summit is to create an association of federal, state and local political leaders, neighborhood associations, colonia residents, non-profits, and businesses, to address the environmental needs and successes that are found in the community. No formal action will be taken by the TCEQ at this Summit.
