

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF HEARING
NAVASOTA NORTH COUNTRY PEAKERS OPERATING COMPANY I, LLC
SOAH Docket No. 582-15-4946
TCEQ Docket No. 2015-0566-AIR
Proposed Permit Nos. 121051 and PSDTX1418

APPLICATION.

Navasota North Country Peakers Operating Company I LLC, 403 Corporate Wood Dr, Magnolia, Texas 77354-2758, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit 121051 and Prevention of Significant Deterioration (PSD) Air Quality Permit PSDTX1418, which would authorize construction of an electrical power generating facility. Driving directions are as follows: from US 75 in Van Alstyne turn east onto Van Alstyne Parkway and go 0.6 miles then turn south onto Waco Street and go 0.1 miles then turn east onto Jefferson Street and go 0.2 miles then turn south onto Sherman Road and go 0.4 miles then turn east on Ballard Road and go 1.6 miles, Van Alstyne, Grayson County, Texas 75495. The proposed facility will emit the following air contaminants in a significant amount: volatile organic compounds, carbon monoxide, nitrogen oxides, and particulate matter including particulate matter with diameters of 10 micrometers or less and 2.5 micrometers or less. In addition, the facility will emit the following air contaminants: sulfur dioxide, sulfuric acid, hazardous air pollutants, and lead.

A full PSD increment analysis was not required because the predicted impacts of all pollutants subject to PSD review were below the significant impact level for each pollutant.

The Executive Director has determined that the emissions of air contaminants from the proposed facility which are subject to PSD review will not violate any state or federal air quality regulations and will not have any significant adverse impact on soils, vegetation, or visibility. All air contaminants have been evaluated, and "best available control technology" will be used for the control of these contaminants.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The permit application, Executive Director's preliminary decision, draft permit, and the Executive Director's preliminary determination summary and Executive Director's air quality analysis, will be available for viewing and copying at the TCEQ central office, the TCEQ Dallas/Fort Worth regional office, and at the Sherman Public Library, 421 North Travis Street, Sherman, Grayson County, Texas, and the Van Alstyne Public Library, 117 North Waco Street, Van Alstyne, Grayson County, Texas. The facility's compliance file, if any exists, is available for public review at the TCEQ Dallas/Fort Worth Regional Office, 2309 Gravel Drive, Fort Worth, Texas.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a formal contested case hearing at:

10:00 a.m. – September 15, 2015
Grayson County Courthouse
100 West Houston Street
East Courtroom, 2nd Floor
Sherman, Texas 75090

The contested case hearing will be a legal proceeding similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on July 10, 2015. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with the Chapter 2001, Texas Government Code; Chapter 382, Texas Health and Safety Code; TCEQ rules including 30 Texas Administrative Code (TAC) Chapter, Subchapters A and B; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be affected by the application in a way not common to the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.
