

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

AMENDED NOTICE OF HEARING

NASH FM 529, LLC
SOAH Docket No. 582-15-4942
TCEQ Docket No. 2015-0663-MWD
Proposed Permit No. WQ0015264001

APPLICATION.

Nash FM 529, LLC, 10940 West Sam Houston Parkway North, Suite 300, Houston, Texas 77064, a land developer, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015264001, to authorize the discharge of treated domestic wastewater at an annual average flow not to exceed 1,000,000 gallons per day.

This amended notice is being published to acknowledge the Applicant's change of address. The Applicant's correct address is stated above.

The facility will be located approximately 2,000 feet southeast from the intersection of Beckendorff Road and Porter Road in Harris County, Texas 77493. The treated effluent will be discharged to a man-made ditch; thence to South Mayde Creek; thence to Buffalo Bayou Above Tidal in Segment No. 1014 of the San Jacinto River Basin. The unclassified receiving water use is minimal aquatic life use for both the man-made ditch and South Mayde Creek. The designated uses for Segment No. 1014 are limited aquatic life use and primary contact recreation. In accordance with 30 Texas Administrative Code (TAC) § 307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in downstream water bodies with exceptional, high, or intermediate aquatic life use, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Katy Branch Library, 5414 Franz Road, Katy, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or

notice. For the exact location, refer to the application.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a formal contested case hearing at:

**10:00 a.m. – October 19, 2015
William P. Clements Building
300 West 15th Street, 4th Floor
Austin, Texas 78701**

The contested case hearing will be a legal proceeding similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on July 10, 2015. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.
