TCEQ received this application on December 23, 2015.

The facility is located approximately 800 feet east of the Farm-to-Market Road 359; approximately three miles north of the intersection of Farm-to-Market Road 359 and Farm-to-Market Road 1458, in Waller County, Texas 77423. The treated effluent is discharged to Bessies Creek; thence to Brazos River Below Navasota River in Segment No. 1202 of the Brazos River Basin. The unclassified receiving water use is intermediate aquatic life use for Bessies Creek. The designated uses for Segment No. 1202 are high aquatic life use, public water supply, and primary contact recreation. All determinations are preliminary and subject to additional review and/or revisions.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Brookshire-Pattison Library, 3815 Sixth Street, Brookshire, Texas.
