Standards Not Met and Concerns in Previous Years				
Assessment Area	Use	Support Status or Concern	Parameter	Category
Lower 25 miles of segment	Aquatic Life Use	Partially Supporting	depressed dissolved oxygen	5b
Middle 25 miles near Hwy 271	Aquatic Life Use	Partially Supporting	depressed dissolved oxygen	5b

Additional Information: The fish consumption use is fully supported. The contact recreation use was not assessed.

This water body was identified on the 2000 303(d) List as partially supporting the aquatic life use due to depressed dissolved oxygen in the lower 50 miles. Because an insufficient number of 24-hour dissolved oxygen values were available in 2002 to determine if the criterion is supported, this water body will be identified as not meeting the standard for dissolved oxygen until sufficient 24-hour measurements are available to demonstrate support of the criterion.

2002 Concerns:
