Emissions Available	37,635.0	19,787.0	18,938.0	11,380.0	7,500.0	60,890.0

Adjusted AD SIP Estimate is the annualized emission amount reduced by the required set aside and, for area sources, the amount of residential emissions.

Credits Issued does not reflect the amount of credits that have been generated from prior SIP emissions years.
