

An agency may withdraw proposed action or the remaining effectiveness of emergency action on a rule by filing a notice of withdrawal with the *Texas Register*. The notice is generally effective immediately upon filing with the *Register*.

If a proposal is not adopted or withdrawn within six months after the date of publication in the *Register*, it will automatically be withdrawn by the *Texas Register*. Notice of the withdrawal will appear in the next regularly scheduled issue of the *Register*. The effective date of the automatic withdrawal will appear immediately following the published notice.

No further action may be taken on a proposal which has been automatically withdrawn. However, this does not preclude a new proposal of an identical or similar rule following normal rulemaking procedures.
