

Operation (including applica- tion, flashoff, and oven areas)	VOC Emission Limitation	
	pounds per gallon	kg per liter
prime application	1.2	0.15
primer surfacer application	2.8	0.34
topcoat application	2.8	0.34
final repair application	4.8	0.58

(9) - (10) (No change.)

§115.192 (131.07.60.103). *Control Techniques.* If add-on controls such as incinerators or vapor recovery systems are used to comply with the emission limitation requirements, the volatile organic compound capture and abatement system shall be at least 80% efficient overall. The owner/operator of any surface coating facility shall submit design data for each capture system and emission control device which is proposed for use to the executive director for approval.

§115.193 (131.07.60.104). *Exemptions.*

(a) Surface coating operations located at any facility in Brazoria, Dallas, El Paso, Galveston, Gregg, Jefferson, Nueces, Orange, Tarrant, or Victoria County which when uncontrolled will emit a combined weight of volatile organic compounds less than 550 pounds (249.5 kg) in any consecutive 24-hour period are exempt from the provisions of §115.191 of this title (relating to Emission Limitations).

(b) Surface coating operations located at any facility in Harris County which when uncontrolled will emit a combined weight of volatile organic compounds less than 100 pounds (45.4 kg) in any consecutive 24-hour period are exempt from the provisions of §115.191 of this title (relating to Emission Limitations).

(c)-(d) (No change.)

§115.194 (131.07.60.102). *Compliance Schedule and Counties.*

(a) All affected persons within Brazoria, Dallas, El Paso, Galveston, Gregg, Harris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties shall be in compliance with §§115.191-115.194 of this title (relating to Surface Coating Processes in Brazoria, Dallas, El Paso, Galveston, Gregg, Harris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties), except for §115.191(7)(B) and (8)(B) of this title (relating to Emission Limitations), as soon as practicable but no later than December 31, 1982, and shall submit to the Texas Air

Control Board a final control plan for compliance no later than December 31, 1979.

(b)-(d) (No change.)

Issued in Austin, Texas, on February 23, 1982.

The Texas Air Control Board adopts amendments to Chapter 115 without changes to the proposed text published in the August 7, 1981, issue of the *Texas Register* (6 TexReg 2871) and subsequently corrected in the August 14, 1981, issue (6 TexReg 2994) for the following undesignated heads and sections.

Graphic Arts (Printing) by Rotogravure and Flexographic Processes in Brazoria, Dallas, El Paso, Galveston, Gregg, Harris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties
§§115.201-115.203

Perchloroethylene Dry Cleaning Systems in Brazoria, Dallas, El Paso, Galveston, Gregg, Harris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties
§§115.221-115.223

Pharmaceutical Manufacturing Facilities in Brazoria, Dallas, El Paso, Galveston, Gregg, Harris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties
§§115.231-115.233

Fugitive Emission Control in Petroleum Refineries in Brazoria, Dallas, El Paso, Galveston, Gregg, Har-

ris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties

§§115.251-115.255

Alternate Means of Control
§115.401

Volatile Organic Compound Exemption Status in Brazoria, Dallas, El Paso, Galveston, Gregg, Harris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties

§§115.411-115.413

Compliance and Control Plan Requirements in Brazoria, Dallas, El Paso, Galveston, Gregg, Harris, Jefferson, Nueces, Orange, Tarrant, and Victoria Counties

§§115.421-115.424

The Texas Air Control Board amends the undesignated heads and sections listed above to add Bexar County to the Regulation V sections relating to certain counties in other than ozone nonattainment areas and to delete Bexar County from the Regulation V sections relating to ozone nonattainment counties. This action results from EPA redesignation of Bexar County from nonattainment to attainment. In addition, the TACB adopts numerous minor administrative changes to the subchapters and undesignated heads listed above which make metric equivalents more accurately reflect metric conversion from English units, clarify terms or specifications, delete redundant or erroneous information, and make other minor editorial changes.

There will be no substantive change in the way any of the rules will function. Since EPA has redesignated Bexar County as attainment, persons in Bexar County will have to continue to meet the requirements contained in the sections of Regulation V relating to certain counties in other than ozone nonattainment areas rather than come into compliance with the more stringent requirements for ozone nonattainment areas.

No comments were received concerning the adoption of the amendments to the undesignated heads and sections listed.

This agency hereby certifies that the rules as adopted have been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

Part X. Texas Water Development Board

Chapter 321. Grants Administration Effective Period

31 TAC §321.7

The Texas Water Development Board adopts the amendment to §321.7 without changes to the proposed text published in the January 12, 1982, issue of the *Texas Register* (7 TexReg 131).

This amendment, in conjunction with the repeal of §§321.4-321.6, 321.30, and 321.33, enables the department to readopt the fiscal year 1981 project priority list and thereby utilize deobligated federal funds to immediately fund wastewater treatment construction grant projects.

Under the amendment to the rule, a project priority list becomes effective upon EPA acceptance rather than automatically upon the beginning of the federal fiscal year. It remains effective until changed by the Texas Water Development Board, rather than expires at the end of the federal fiscal year for which it is
