Volatile Organic Compounds Emitted by Paint, Ink, and Other Coatings," EPA-450/3-84-019 [EPA-450/3-84-011], as in effect December, 1984;

(6)-(8) (No change.)

(b) For Gregg, Nueces, and Victoria counties, compliance shall be determined by applying the following test methods, as appropriate:

(1)-(4) (No change.)

(5) EPA guidelines series document "Procedures for Certifying Quantity of Volatile Organic Compounds Emitted by Paint, Ink, and Other Coatings," EPA-450/3-84-019 [EPA-450/3-84-011], as in effect December, 1984;

(6)-(7) (No change.)

§115.436. Monitoring and Recordkeeping Requirements.

(a) For the Beaumont/Port Arthur, Dallas/Fort Worth, El Paso, and Houston/Galveston areas, the owner or operator of any rotogravure or flexographic printing [graphic arts] facility [subject to the control requirements of §115.432(a) of this title (relating to Control Requirements)] shall:

(1)-(6) (No change.)

(b) For Gregg, Nueces, and Victoria counties, the owner or operator of any rotogravure or flexographic printing [graphic arts] facility [subject to the control requirements of §115.432(b) of this title] shall:

(1)-(5) (No change.)

§115.437. Exemptions.

(a) For the Beaumont/Port Arthur, Dallas/Fort Worth, El Paso, and Houston/Galveston areas, the following exemptions shall apply:

(1) Until July 31, 1993 in Brazoria, El Paso, Galveston, Harris, Jefferson, and Orange counties, all rotogravure and flexographic facilities on a property which, when uncontrolled, have a maximum potential to emit a combined weight of volatile organic compounds (VOC) less than 100 tons (91 metric tons) in one year (based on historical ink and VOC solvent usage, and at maximum production capacity) are exempt from the requirements of §115.432(a) of this title (relating to Control Requirements).

(2) Until July 31, 1993 in Dallas and Tarrant counties, all rotogravure and flexographic printing facilities on a property which, when uncontrolled, emit a combined weight of VOC less than 50 tons in one year (based on historical ink and solvent usage) are exempt from the requirements of §115.432(a) of this title.]

(1)[(3)] [After July 31, 1993 in] In the Beaumont/Port Arthur, Dallas/Fort Worth, and El Paso areas, all rotogravure and flexographic facilities on a property which, when uncontrolled, have a maximum potential to emit a combined weight of volatile organic compounds (VOC) less than 50 tons in one year (based on historical ink and VOC solvent usage, and at maximum production capacity) are exempt from the requirements of §115.432(a) of this title (relating to Control Requirements).

(2)[(4)] [After July 31, 1993 in] In the Houston/Galveston area, all rotogravure and flexographic facilities on a property which, when uncontrolled, have a maximum potential to emit a combined weight of VOC less than 25 tons in one year (based on historical ink and VOC solvent usage, and at maximum production capacity) are exempt from the requirements of §115.432(a) of this title.

(b) (No change.)

§115.439. Counties and Compliance Schedules.

(a) (No change.)

(b) All affected persons in Dallas, El Paso, Jefferson, Orange, and Tarrant counties shall be in compliance with §115.437(a)(1) [§115.437(a)(3)] of this title as soon as practicable, but no later than July 31, 1993.

(c) All affected persons in Brazoria, Galveston, and Harris counties shall be in compliance with §115.437(a)(2) [§115.437(a)(4)] of this title as soon as practicable, but no later than July 31, 1993.

(d) (No change.)

This agency hereby certifies that the proposal has been reviewed by legal counsel and found to be within the agency's authority to adopt.

Offset Lithographic Printing
• 30 TAC §§115.442, 115.443,
115.445, 115.446

The Texas Natural Resource Conservation Commission (TNRCC or Commission) proposes amendments to §§115.442, 115.443, 115.445, and 115.446, concerning Offset

Lithographic Printing. Section 115.442, concerning Control Requirements, is intended to set standards for alcohols in the fountain solutions, with a separate standard for cleaning solutions. The proposed changes to §115.442, correct an unintended loophole by which the current rule language could be interpreted to exempt facilities from the cleaning solution standards. The proposed changes to §115.442 also clarify that the cleaning solutions volatile organic compounds (VOC) content limitations are based upon volume percentages. The proposed changes to §115.443, concerning Alternate Control Requirements, update a reference to §115.910 to reflect a title change. The proposed changes to §115.445, concerning Testing Requirements, correct a reference to a United States Environmental Protection Agency (EPA) guidance document. The proposed changes to §115.446, concerning Monitoring and Recordkeeping Requirements, update a reference to §115.445 to reflect the correct title.

Stephen Minick, Strategic Planning and Appropriations Division, has determined that for the first five-year period the sections are in effect there will be no fiscal implications for state or local government as a result of enforcing or administering the sections.

Mr. Minick also has determined that for each year of the first five years the sections are in effect the public benefit anticipated as a result of enforcing the sections will be a more understandable and enforceable environmental regulation. There will be no effect on small businesses. There is no anticipated economic cost to persons who are required to comply with the sections as proposed.

Public hearings on this proposal will be held in Beaumont on September 26, 1995, at 7:00 p.m. at the John Gray Institute, 855 Florida Avenue, Beaumont; and in Houston on September 27, 1995, at 10:00 a.m. in Conference Room A at the Houston-Galveston Area Council, 3555 Timmons Lane, Houston. Individuals may present oral statements when called upon in order of registration. Open discussion within the audience will not occur during the hearing; however a TNRCC staff member will be available to discuss the proposal 30 minutes prior to the hearing and will answer questions before and after the hearing.

Written comments not presented at the hearing may be submitted to the TNRCC central office in Austin. The deadline for submission of written comments will be 30 days after the date of publication of the proposal in the *Texas Register*. Material received by the TNRCC Office of Policy and Regulatory Development by 4:00 p.m. on that date will be considered by the Commission prior to any final action on the proposal. Please mail written comments to Heather Evans, Office of Policy and Regulatory Development, MC 205, P.O. Box 13087, Austin, Texas 78711-3087, and reference Rule Log #95137-115-AI. Comments can also be faxed to (512) 239-5687. Copies of the proposal are available at the central office of the TNRCC, Air Policy and Regulations Division, located at 12118 North IH-35, Park 35 Technology Center, Building E, Austin, and at all TNRCC

regional offices. For further information, contact Eddie Mack at (512) 239-1488.

Persons with disabilities who have special communication or other accommodation needs who are planning to attend the hearing should contact the agency at (512) 239-4900. Requests should be made as far in advance as possible.

The amendments are proposed under the Texas Health and Safety Code (Vernon 1992), the Texas Clean Air Act (TCAA), §382.017, which provides the TNRCC with the authority to adopt rules consistent with the policy and purposes of the TCAA.

The proposed amendments affect the Health and Safety Code, §382.017.

§115.442. Control Requirements. For the Dallas/Fort Worth, El Paso, and Houston/Galveston areas as defined in §115.10 of this title (relating to Definitions), the following control requirements shall apply:

(1) No person shall operate or allow the operation of an offset lithographic printing line that uses solvent-containing ink, unless volatile organic compound (VOC) emissions are limited by [one of] the following:

(A)-(E) (No change.)

(F) Any person who owns or operates an offset lithographic printing press shall reduce VOC emissions from cleaning solutions by one of the following methods:

(i) using cleaning solutions with a VOC content of 50% or less (by volume, as used) [VOC content]; or

(ii) using cleaning solutions with a VOC content of 70% or less (by volume, as used) [VOC content] and incorporating a towel handling program which ensures that all waste ink, solvents, and cleanup rags shall be stored in closed containers until removed from the site by a licensed disposal/cleaning service.

(2) (No change.)

§115.443. Alternate Control Requirements. For all affected persons in the Dallas/Fort Worth, El Paso, and Houston/Galveston areas, as defined in §115.10 of this title (relating to Definitions), alternate methods of demonstrating and documenting continuous compliance with the applicable control requirements or exemption criteria in this section may be approved by the Executive Director in accordance with §115.910 of this title (relating to Availability of Alternate Means of Control) if emission reductions are demonstrated to be substantially equivalent.

§115.445. Approved Test Methods. For the Dallas/Fort Worth, El Paso, and Houston/Galveston areas as defined in §115.10 of this title (relating to Definitions), compliance shall be determined by applying the following test methods, as appropriate:

(1)-(4) (No change.)

(5) U.S. Environmental Protection Agency (EPA) guidelines series document "Procedures for Certifying Quantity of Volatile Organic Compounds Emitted by Paint, Ink, and Other Coatings," EPA-450/3-84-019 [EPA-450/3-84-011], as in effect December, 1984; or

(6) (No change.)

§115.446. Monitoring and Recordkeeping Requirements. For the Dallas/Fort Worth, El Paso, and Houston/Galveston areas as defined in §115.10 of this title (relating to Definitions), the following monitoring and recordkeeping requirements shall apply.

(1)-(6) (No change.)

(7) The owner or operator of any offset lithographic printing press shall maintain the results of any testing conducted at an affected facility in accordance with the provisions specified in §115.445 of this title (relating to Approved Test Methods [Testing Requirements]).

(8) (No change.)

This agency hereby certifies that the proposal has been reviewed by legal counsel and found to be within the agency's authority to adopt.

Issued in Austin, Texas, on August 30, 1995.

Subchapter F. Miscellaneous Industrial Sources

Cutback Asphalt

• 30 TAC §§115.512, 115.513, 115.517

The Texas Natural Resource Conservation Commission (TNRCC or Commission) proposes amendments to §§115.512, 115.513, and 115.517, concerning Cutback Asphalt. The proposed changes to §115.512, concerning Control Requirements, delete language which is obsolete due to the passage of a December 31, 1992 compliance date. The proposed changes to §115.513, concerning Alternate Control Requirements, update a ref-

erence to §115.910 to reflect a title change. The proposed changes to §115.517, concerning Exemptions, clarify the intent of an existing exemption for pothole patching material made with cutback asphalt.

Stephen Minick, Strategic Planning and Appropriations Division, has determined that for the first five-year period the sections are in effect there will be no fiscal implications for state or local government as a result of enforcing or administering the sections.

Mr. Minick also has determined that for each year of the first five years the sections are in effect the public benefit anticipated as a result of enforcing the sections will be a more understandable and enforceable environmental regulation. There will be no effect on small businesses. There is no anticipated economic cost to persons who are required to comply with the sections as proposed.

Public hearings on this proposal will be held in Beaumont on September 26, 1995, at 7:00 p.m. at the John Gray Institute, 855 Florida Avenue, Beaumont; and in Houston on September 27, 1995, at 10:00 a.m. in Conference Room A at the Houston-Galveston Area Council, 3555 Timmons Lane, Houston. Individuals may present oral statements when called upon in order of registration. Open discussion within the audience will not occur during the hearing; however a TNRCC staff member will be available to discuss the proposal 30 minutes prior to the hearing and will answer questions before and after the hearing.

Written comments not presented at the hearing may be submitted to the TNRCC central office in Austin. The deadline for submission of written comments will be 30 days after the date of publication of the proposal in the *Texas Register*. Material received by the TNRCC Office of Policy and Regulatory Development by 4:00 p.m. on that date will be considered by the Commission prior to any final action on the proposal. Please mail written comments to Heather Evans, Office of Policy and Regulatory Development, MC 205, P.O. Box 13087, Austin, Texas 78711-3087, and reference Rule Log #95137-115-AI. Comments can also be faxed to (512) 239-5687. Copies of the proposal are available at the central office of the TNRCC, Air Policy and Regulations Division, located at 12118 North IH-35, Park 35 Technology Center, Building E, Austin, and at all TNRCC regional offices. For further information, contact Eddie Mack at (512) 239-1488.

Persons with disabilities who have special communication or other accommodation needs who are planning to attend the hearing should contact the agency at (512) 239-4900. Requests should be made as far in advance as possible.

The amendments are proposed under the Texas Health and Safety Code (Vernon 1992), the Texas Clean Air Act (TCAA), §382.017, which provides the TNRCC with the authority to adopt rules consistent with the policy and purposes of the TCAA.

The proposed amendments affect the Health and Safety Code, §382.017.
