

**Response to Comments Received Regarding the Clean Air Interstate Rule (CAIR)  
State Implementation Plan (SIP) Revision  
Proposed September 9, 2009  
Anticipated Adoption February 10, 2010**

Texas Commission on Environmental Quality (TCEQ) staff appeared in Fort Worth on October 20, 2009; Austin on October 21, 2009; and Houston on October 22, 2009, to conduct a public hearing on the proposed package. Because no member of the public appeared to provide comments, staff did not open the public hearing. During the comment period, which closed on October 26, 2009, the TCEQ received one letter from the United States Environmental Protection Agency (EPA), which contained one comment related to the SIP revision and two comments related to the CAIR rules package.

***RESPONSE TO COMMENTS***

The EPA requested the correction of a typographical error under Section 5.2.5 of the SIP narrative. The Compliance Supplement Pool reference reads 40 Code of Federal Regulations (CFR) Part 96.140, and should be changed to 40 CFR 96.143.

**The commission corrected the typographical error in the SIP narrative.**
