Madison, Wisconsin 53718

RE: Healy 700 Series On-Board Refueling Vapor Recovery (ORVR) for use with Dresser-Wayne and Gilbarco Vapor Assist Systems

Dear Mr. Schuster:

The Texas Commission on Environmental Quality has reviewed the "Test Report for Healy 700 Series ORVR for use with Dresser-Wayne and Gilbarco Vapor Assist Systems," dated September 4, 2007. In accordance with Title 30 Texas Administrative Code (30 TAC) §115.243(2), the system must be independently certified by a third party. Mr. Bob McKinney, of Ken Wilcox Associates, Inc., conducted the third-party evaluation.

The system tested for approval is the Healy 700 Series Nozzle and Hanging Hardware when used with the Gilbarco Vapor-Vac and the Dresser Wayne Wayne-Vac Systems. In accordance with 30 TAC §115.243(2), the above-described system and components, as applicable to existing or new installations, is **hereby approved as an ORVR Compatible Stage II system for use in Texas** when installed and operated in accordance with manufacturer recommendations.

If any further assistance is needed, you may call Koy Howard of my staff at (512)239-2306.

Sincerely,

A handwritten signature in cursive script that reads "D.C. Schanbacher".

David C. Schanbacher, P.E.
