

Texas Commission on Environmental Quality

INTEROFFICE MEMORANDUM

To: Commissioners Date: January 14, 2011

Thru: LaDonna Castañuela, Chief Clerk
Mark R. Vickery, P.G., Executive Director

From: Richard A. Hyde, P.E., Deputy Director
Office of Permitting and Registration

Subject: **Docket No. 2010-0251-RUL.** Outlined summary indicating changes since filing for Chapter 106, Permits by Rule Oil and Gas Handling and Production Facilities (Rule Project No. 2010-018-106-PR)

The attached revisions are shown in *double underline/double strikeout* and are provided as *REVISED BACK-UP MATERIAL* to the documents filed on January 7, 2011, scheduled for your consideration on the January 26, 2011 agenda.

Changes to the documents were made as a result of continuing management review and corrections.

EXECUTIVE SUMMARY

- **Page 6** - Change effective date to April 1, 2011

§106.352

CHANGES TO PREAMBLE

- **Pages 61-70** - Replace preamble explanation concerning exemption levels of piping and fugitive components to be consistent with revised rule language in §106.352(c)(4)(C).
- **Page 240-241** - Add language concerning EPA proposed disapproval of Montana SIP revision concerning oil and gas sites.
- **Page 266-267** - Add language concerning EPA proposed disapproval of Montana SIP revision concerning oil and gas sites.

- **Page 280** - Replace response concerning basis for permit denial with language concerning additional requirements for obtaining a permit. This language is consistent with the revised rule in §106.352(c)(3).
- **Page 282-283** - Replace response concerning basis for permit denial with language concerning additional requirements for obtaining a permit. This language is consistent with the revised rule in §106.352(c)(3).
- **Page 499-500** - Add language concerning EPA proposed disapproval of Montana SIP revision concerning oil and gas sites.
- **Page 520** - Delete sentence concerning EPA rules for minor NSR programs.
- **Page 525-526** - Add language concerning EPA proposed disapproval of Montana SIP revision concerning oil and gas sites.

CHANGES TO RULE

- **Page 872-873** - In §106.352(c)(3), Replace the existing language concerning reasons for permit denial with similar language stating additional requirements for permit issuance.
- **Page 874-875** - Revise §106.352(c)(4)(C) concerning certain exemptions for piping and fugitive components.

STANDARD PERMIT

CHANGES TO TECHNICAL SUMMARY

- **Page 138** - Add language concerning EPA proposed disapproval of Montana SIP revision concerning oil and gas sites.
- **Page 148** - Add language concerning EPA proposed disapproval of Montana SIP revision concerning oil and gas sites.
- **Page 153** - Replace response concerning basis for permit denial with language concerning additional requirements for obtaining a permit. This language is consistent with the revised rule change in subsection (c)(3).
- **Page 154** - Replace response concerning basis for permit denial with language concerning additional requirements for obtaining a permit. This language is consistent with the revised rule change in subsection (c)(3).
