All consolidated permit applications are subject to Subchapter G of this chapter (relating to Public Notice for Applications for Consolidated Permits), regardless of when they were declared administratively complete. This chapter applies to:

(1) applications for municipal solid waste, industrial solid waste, or hazardous waste permits under the Texas Solid Waste Disposal Act, Texas Health and Safety Code, Chapter 361;

(2) applications for wastewater discharge permits under Texas Water Code, Chapter 26.

(A) This paragraph includes:

§39.3. Purpose.

This chapter specifies notice requirements for applications, hearings on applications, and hearings on contested enforcement cases, including requirements derived from statutes.

Adopted December 4, 1996

Effective January 8, 1997

§39.5. General Provisions.

(a) If the chief clerk prepares a newspaper notice that is required by this chapter and the applicant does not cause the notice to be published within 30 days of receipt of the notice from the chief clerk, the chief clerk may cause the notice to

be published and the applicant shall reimburse the agency for the cost of publication within 30 days of publication.

(b) The chief clerk may require the applicant to provide necessary mailing lists in electronic form.

(c) When this chapter requires notice by mail, notice by hand delivery may be substituted. Mailing is complete upon deposit of the document, enclosed in a prepaid, properly addressed wrapper, in a post office or official depository under the care and custody of the United States Postal Service. If hand delivery is by courier-receipted delivery, the delivery is complete upon the courier taking possession.

(d) Unless otherwise provided in this chapter, public notice requirements apply to applications for initial permits or applications for the amendment, modification, or renewal of permits.

(e) If an applicant submits more than one application for a facility, notice may be combined to satisfy more than one section of this chapter.

(f) When this chapter requires an applicant to publish notice, the applicant must file an affidavit with the chief clerk certifying facts that constitute compliance with the requirement. The deadline to file the affidavit is the day of the public meeting for notice of public meeting, two days before a public hearing for notice of a public hearing, and 30 days after the last publication for other published notices. For notice of a public meeting, the applicant must also submit the affidavit to the executive director no later than the day of the public meeting. Filing an affidavit certifying facts that constitute compliance with notice requirements creates a rebuttable presumption of compliance with the requirement to publish notice.

(g) When this chapter requires notice to be published according to this subsection, the applicant shall publish notice in a newspaper of the largest general circulation that is published in the county in which the facility is located or proposed to be located. If a newspaper is not published in the county, the notice must be published in a newspaper of general circulation in the county in which the facility is located or proposed to be located. If a newspaper is not published in the county, and the application concerns an application for a new or amended municipal solid waste permit, and publication of notice of intent, notice of draft permit, or notice of hearing, then the applicant shall publish notice in a newspaper of the largest general circulation in the county in which the facility is located or proposed to be located and in a newspaper of circulation in the immediate vicinity in which the facility is located or proposed to be located, and such notice may be satisfied by one publication if the publishing newspaper meets both circulation requirements.

(h) When this chapter requires notice be broadcast according to this subsection, the applicant shall broadcast notice of the application on one or more

local radio stations that broadcast to an area that includes all of the county in which the facility is located. The executive director may require that the broadcasts be made to an area that also includes contiguous counties.

Adopted August 23, 2000

Effective September 14, 2000

§39.7. Mailing Lists.

The chief clerk shall maintain mailing lists of persons requesting public notice of certain applications. Persons, including participants in past commission permit proceedings, may request in writing to be on a mailing list. The chief clerk may from time to time request confirmation that persons on a list wish to remain on the list, and may delete from the list the name of any person who fails to respond to such request.

Adopted December 4, 1996

Effective January 8, 1997

§39.9. Deadline for Public Comment and Hearing Requests.

Notice under this chapter will specify a deadline to file public comment and if applicable, hearing requests. After the deadline, final action on an application may be taken under Chapter 50 of this title (relating to Action on Applications).

Adopted December 4, 1996

Effective January 8, 1997
