Chapter 3

Definitions

1. Purpose. This change transmittal provides the page(s) that reflect changes and addition to the Texas Natural Resource Conservation Commission (commission) Volume of Permanent Rules.
2. Explanation of Change. On June 5, 2002, the commission adopted amendments to §1.3 and §1.4 *without changes* to the proposed text as published in the March 1, 2002 issue of the *Texas Register* (27 TexReg 1441) and were not republished.

In a concurrent rulemaking action, the commission adopted an amendment to §3.2, *Definitions, without change* to the proposed text as published in the April 1, 2002 issue of the *Texas Register* (27 TexReg 1443) and was not republished.

The commission's name will change to the Texas Commission on Environmental Quality on September 1, 2002, and the adopted amendments reflect this change.

3. Effects of Change. On November 9, 2001, the commission approved staff's proposed timetable for phasing in the change of the agency's name to Texas Commission on Environmental Quality with the formal, public use of this new name to commence September 1, 2002. This limited rulemaking changes key provisions in Chapters 1 and 3. The balance of the commission rules will be revised on a chapter-by-chapter basis as rulemakings are convened to modify those chapters for other reasons or as part of the quadrennial review of our rules in accordance with Texas Government Code, §2001.039.
