

**Texas Commission on Environmental Quality
Supplemental Environmental Project Vehicle Replacement Program**

Disposition Pointers
Read Carefully

- Maintain access to your old vehicle or equipment records until TCEQ approves your disposition form.
- You may need to send additional photographs or documentation. You will also be required to provide a "Non-Repairable Vehicle Title" as proof of destruction for on-road vehicles.
- You are responsible for the completion of the disposition. If someone else destroys your old vehicle or equipment for you, you are still the one responsible for making sure that the destruction complies with program requirements.
- All pictures submitted for the disposition must be original pictures. We must be able to clearly see the destruction to the vehicle or equipment in the pictures. We must be able to read the engine ID number in the pictures. The SEP program does not accept faxed pictures.
- Please keep copies of all your disposition pictures and documents for your own business records or in the event, for whatever reason, you may need to resend them to us.
- The SEP Website at <http://www.tceq.texas.gov/legal/sep> has good information on all parts of the SEP program, including disposition.

The completed and signed form will be submitted with the Quarterly Report or you may mail it to:

**Texas Commission on Environmental Quality
Litigation Division
Attention: SEP Coordinator, MC 175
PO Box 13087
Austin, Texas 78711-3087**

If you have any questions or concerns about disposing of the old vehicle or equipment, please call (512) 239-2223.
