

Exhibit 2

West Port Arthur Home Energy Efficiency Program

Project Description: Performing Party shall use SEP Funds to assist low-income residents in the West Port Arthur area by: 1) conducting home energy audits; 2) weatherizing homes to improve energy efficiency; 3) repairing or replacing heating/cooling systems and major appliances with new, energy-efficient equipment. Weatherizing homes may include costs of caulking openings as well as insulating walls, floors, and attics in homes. Any heating/cooling systems or major appliances that are replaced must be scrapped and must not be reused in any way. Performing Party shall use consistent and reliable criteria for determining the low-income status of residents assisted with SEP Funds.

Environmental Benefit: Implementation of this project will reduce residential fuel and electricity usage for heating and cooling. These reductions, in turn, will reduce emissions of particulate matter (PM), volatile organic carbon compounds (VOC), and nitrogen oxides (NOx) associated with the combustion of fuel and generation of electricity.

Eligible Counties: Jefferson

Minimum Contribution Amount: Any amount accepted.
