

Barbara Mendieta

Occupational Licensing Section
Texas Commission on Environmental Quality

Barbara Mendieta works as a training specialist for the Occupational Licensing Section of the Permitting and Registration Support Division in the Austin Central Office.

Barbara began employment with the state in 1990 at the Texas Department of Health working in the Water Operator Licensing Program. In 1993, the program was consolidated into the Texas Natural Resource Conservation Commission and Ms. Mendieta accepted a position with the Occupational Licensing Section handling strategic planning, project management, regulatory development, and special reporting for the agency's 14 licensing programs.

After agency reorganization in 1997, Ms. Mendieta returned to the water licensing frontlines providing program development; regulatory assistance; public outreach; and compliance review of license applications. Ms. Mendieta later joined the section's Training Evaluation & Exam Development Program in 2008 where she now provides technical support; performs public outreach; and evaluates proposed training events, courses, and materials supporting the TCEQ licensing programs.
