

Linda Saladino
Permitting & Registration Support Division
Texas Commission on Environmental Quality (TCEQ)

Since January 2004, Linda Saladino has worked as a Training Specialist in the Occupational Licensing Section at TCEQ in Austin, Texas. She graduated from Iowa State University with a Chemical Engineering degree.

Linda's duties at TCEQ include approving training, auditing training, managing job task analysis contracts, creating/revising/updating licensing exams and curriculum guidance.

Prior to TCEQ, Linda was certified in Chemistry and Physics and taught eighth-grade science and high school Physics.

Prior to teaching, Linda was an engineer and then assistant superintendent for chemical facilities, first in Bishop, Texas and then Freeport, Texas. Linda dealt daily with plant operators, engineers, maintenance technicians, and contractors to ensure the safe and profitable operation of chemical and plastic production units.
