

Jack C. Schulze, P.E.

- Bachelors of Science Degree in Chemical Engineering from The University of Texas at Austin in 1985
- Working in the TCEQ drinking water program for more than 25 years. His professional career has included a variety of duties such as field investigator, plans review, technical support, and enforcement.
- Currently, Jack is a member of the TCEQ Technical Review and Oversight Team and is involved in several of the TCEQ's technical assistance and plant optimization initiatives. However, he may be best known as the person who helped create (and continues to enhance) the Surface Water Monthly Operational Report (SWMOR) and CT Study Template spreadsheets.
