

TCEQ Underground Storage Tank (UST) On-site Supervisor License Application and Instructions

MC 178, PO Box 13088, Austin, TX 78711-3088

Phone: (512) 239-6133 Fax: (512) 239-6272 Website: www.tceq.texas.gov/licensing

GENERAL INSTRUCTIONS

The TCEQ is allowed 45 days to evaluate a properly completed application. Be sure that the entire form as been filled out as completely and accurately as possible. Any incomplete or omitted information may delay the processing of the application. The form should be completed by either typing or printing legibly in black ink. All attachments to the application from should be securely attached and should include the applicant's name.

SECTION I – TYPE OF LICENSE

Mark the type(s) of license for which you are applying.

- License A - a person applying to install and/or repair UST systems.
- License B - a person applying to permanently remove a UST from service by: removing it from the ground or abandoning it in place, or conducting a permanent change-in-service.
- License A & B - both of the above

SECTION II – APPLICANT INFORMATION

- a. The applicant should provide a full legal name, as shown on a Social Security card; a physical (home) address (do not list a P.O. Box) including apartment number (if relevant) and the zip code; and the applicant's city, county, and state of residence. Please provide the applicant's date of birth and Social Security number.
- b. The applicant should provide the name under which the employer conducts business or, it incorporated, the name on the corporate charter; the company's mailing address (and a physical address, if the mailing address is a P.O. Box); the city, county, state, and zip code for the mailing address; and the business telephone number.

SECTION III – GENERAL INFORMATION

- a. List all professional registrations or licenses held by the applicant, in or out of the State of Texas.
- b. If any professional registration or license held by the applicant has ever suspended or revoked, please explain the circumstances.

SECTION IV – UST TRAINING SEMINARS OR EDUCATION

- a. An applicant for License A must submit a certificate of completion which shows the applicant has completed 28 hours of training and education courses in the installation and repair of UST systems.
- b. An applicant for License B must submit a certificate of completion which shows the applicant has completed 12 hours of training and education courses in the closure of UST systems.
- c. An applicant applying for both License A and License B must submit a certificate of completion which shows the applicant has completed 40 hours of training and education courses in the installation, repair and removal of UST systems. Only UST training and education courses that have been formally accepted by the TCEQ will be credited toward these requirements.

SECTION V – CONSTRUCTION EXPERIENCE (Resume' of employment/work history)

- a. Mark all categories in which the applicant has construction experience.
 1. UST installation, repair or removal

2. Public underground utility construction is defined as underground water lines, sanitary sewers, or storm sewer construction. This does not include private underground pipe systems such as commercial or residential plumbing, power or communication cables, or natural gas lines.
 3. Other engineering construction (i.e work performed from engineered construction plans prepared by and bearing the seal and signature of a registered professional engineer who is qualified and experienced in one or more areas of construction design normally performed within the branches of civil or mechanical engineering and meets legal requirements governing the practice of engineering in the State of Texas where the construction was performed.
- b. State the total number of months or years of construction experience that the applicant has in these categories.
 - c. Summary of experience. This section should be a brief chronological work history similar to a resume'. Do not list individual jobs in this section! An applicant must provide information that demonstrates that the applicant has **at least 24 months of construction experience** in one or more of the following areas;
 1. UST installation, repair or removal,
 2. PUBLIC underground utility construction,
 3. Other engineering construction (as defined above). Be sure to provide the name of the company you worked for, the business address, a phone number, your position/title, dates of employment and a detailed description of the work you performed as it relates to the areas of construction previously listed above. Use additional paper if necessary.

IMPORTANT: THE APPLICANT MUST HAVE AT LEAST 24 MONTHS OF HANDS-ON OR ON-SITE SUPERVISORY EXPERIENCE IN ONE OF THE ABOVE-LISTED CONSTRUCTION AREAS TO BE ELIGIBLE FOR A LICENSE. EXPERIENCE SUCH AS PIPELINE CONSTRUCTION, SITE ASSESSMENT/REMEDICATION, ENVIRONMENTAL CONSULTING, CORROSION PROTECTION, OR UST TIGHTNESS TESTING IS ACCEPTABLE EXPERIENCE ONLY IF THE CONSTRUCTION PROJECT WAS DESIGNED BY A REGISTERED PROFESSIONAL ENGINEER WHO HAS QUALIFICATIONS AND EXPERIENCE OR MECHANICAL ENGINEERING.

SECTION VI - SIGNATURE

The application must be certified, signed and dated by the applicant that all information and attachments are true and correct.

SECTION VII – ATTACHMENT CHECK LIST

Use this check list to help you determine the completeness of this application.

- a. Check or money order made payable to the Texas Commission on Environmental Quality in the amount of \$111.00.
- b. Certificate of completion for the proper number of hours of appropriate UST training and education for each license for which you are applying.
- c. Sworn statements on TCEQ forms, three from clients and one from a current or previous employer. The TCEQ recommendation forms are included in the application package.
- d. Check and assure that the entire application is complete and that all attachments are enclosed.

RECOMMEDATION FORMS

The four recommendation forms (three from clients and one from a current or previous employer) must be filled out, signed and attached to the application. Self-employed applicants must fill out the employer recommendation form for themselves. The client recommendation forms must be filled out by clients and must describe construction activities done by the applicant within the previous 24 months. These client recommendations must be in the area of; 1) UST installation, repair or removal, 2) PUBLIC underground utility construction, or 3) Other engineering construction (as defined in Section V a. above), and the work must have been performed within the last 24 months prior to the date of the application.

LICENSE EXAMINATION

If the TCEQ approves the application, the applicant will be notified in writing of the scheduled testing dates. An applicant must schedule to attend an examination session by calling the telephone number listed on the

approval letter. Only persons that have been notified that their application is approved and are scheduled for that session will be admitted in the testing area. The License A exam consists of 100 multiple choice questions. The applicant must correctly answer 70% or more of the questions in order to pass the exam. The License B exam consists of 50 multiple choice questions. The applicant must correctly answer 70% or more of the questions to pass the exam. Licenses will be issued only after examination are successfully completed.

TCEQ Underground Storage Tank (UST) On-site Supervisor License Application

MC 178, PO Box 13088, Austin, TX 78711-3088
