Re: Executive Director's Response to EPA Objection
Westlake Longview Corporation, P1 Polyethylene No 1/Epolene – Title V Permit Number
O1983

Dear Mr. Hagle: *Steve*

On November 20, 2009, the Environmental Protection Agency (EPA) objected to the proposed Title V permit for Westlake Longview Corporation. On July 19, 2010, we received the Texas Commission on Environmental Quality (TCEQ) Executive Director's Response to EPA's Objection (RTO), proposed permit, and associated Statement of Basis (SOB). We have reviewed the documents, and have no further comments. Please note that EPA may review the issued permit if it receives a public petition pursuant to 40 CFR § 70.8(d).

We are committed to working with the TCEQ to ensure that permits address all applicable requirements, including the Texas SIP, and are consistent with the federally-approved Texas Title V air permitting program. If you have questions or wish to discuss this further, please contact Jeff Robinson, Chief, Air Permits Section at (214) 665-6435, or Stephanie Kordzi, Texas Permit Coordinator at (214) 665-7520.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Carl E. Edlund", with a long horizontal line extending to the right.

Carl E. Edlund, P.E.
Director
Multimedia Planning and Permitting Division

cc: Manager, Environmental Affairs
Westlake Longview Corporation
