PORT LAVACA TX 77979-0186

Re: Final Revised Permit Approval
Minor Revision
Permit Number: O2032
Union Carbide Corporation
L.P. Polyethylene & Catalyst Units
Seadrift, Calhoun County
Regulated Entity Number: RN102181526
Customer Reference Number: CN601688781
Account Number: CB-0028-T

Dear Ms. King:

The revised effective federal operating permit (FOP) for Union Carbide Corporation, L.P. Polyethylene & Catalyst Units is enclosed. On November 25, 2009 the Environmental Protection Agency (EPA) notified the Texas Commission on Environmental Quality (TCEQ) of objections to the issuance of the FOP. The TCEQ responded to EPA objections on December 2, 2010 and on October 2, 2012. The objections and comments have been addressed. On November 20, 2012, the EPA informed the TCEQ there were no further comments on permit O2032. This letter constitutes authority to operate the changes identified in the FOP revision application.

Consistent with Title 30 Texas Administrative Code Chapter 122, Subchapter C, the permit holder shall submit an application to the Air Permits Division (APD) for a revision to an FOP for those activities at a site which change, add, or remove one or more FOP terms or conditions. The permit holder shall also submit an application to the APD for a revision to a permit to address the following: the adoption of an applicable requirement previously designated as federally enforceable only; the promulgation of a new applicable requirement; the adoption of a new state-only requirement; or a change in a state-only designation.

Thank you again for your cooperation in this matter. If you have questions concerning the review or this notice, please contact Mr. Alfonzie "Al" Stepney III at (512) 239-1830.

Ms. Crystal G. King
