Re: Final Revised Permit Approval
Minor Revision
Permit Number: O2164
Chevron Phillips Chemical Company, LP
Borger Plant
Borger, Hutchinson County
Regulated Entity Number: RN102320850
Customer Reference Number: CN600303614
Account Number: HW-0013-C

Dear Mr. Roberts:

The revised effective federal operating permit (FOP) for Chevron Phillips Chemical Company, LP, Borger Plant is enclosed. On August 6, 2010 the Environmental Protection Agency (EPA) notified the Texas Commission on Environmental Quality (TCEQ) of objections to the issuance of the proposed revised FOP. The TCEQ responded to EPA objections on November 4, 2010. Per recommendations in March 18, 2011 EPA letter to the TCEQ, objections to the Borger Plant proposed revised FOP have been addressed. This letter constitutes authority to operate the changes identified in the FOP revision application.

Consistent with Title 30 Texas Administrative Code Chapter 122, Subchapter C, the permit holder shall submit an application to the Air Permits Division (APD) for a revision to an FOP for those activities at a site which change, add, or remove one or more FOP terms or conditions. The permit holder shall also submit an application to the APD for a revision to a permit to address the following: the adoption of an applicable requirement previously designated as federally enforceable only; the promulgation of a new applicable requirement; the adoption of a new state-only requirement; or a change in a state-only designation.
