

TCEQ CHEMICAL SOURCES CURRENT BACT REQUIREMENTS FOR MSS ACTIVITIES

Vapor Oxidizers

This information is maintained by the CHEMICAL NSR Section and is subject to change. Last update 11/17/2006.

Year	Source Type	Pollutant	Minimum Acceptable Control	Control Efficiency or Details
2006	Catalytic Oxidizers	VOC	Same as current BACT requirements.	Same as current BACT requirements.
	Thermal Oxidizers	VOC	Same as current BACT requirements.	Same as current BACT requirements.
	Regenerative Thermal Oxidizers	VOC	Same as current BACT requirements.	Same as current BACT requirements.
