

**Biography: Anne M. Inman, P.E.**  
**Air Permits Division**  
**Texas Commission on Environmental Quality**

***Current Position***

Anne has been the section manager for the Rule Registrations Section since May 1, 2002 and has been working with her staff to streamline and expedite the registration processes while ensuring quality reviews.

***Prior Experience and Education***

Anne holds a Bachelor of Science degree in Mechanical Engineering from Texas A&M University. She began with the Texas Air Control Board as a permit reviewer in the Mechanical Section, New Source Review Program, in October 1991 and became the Mechanical Section team leader in August 1993. From November 1999 to April 2002, Anne worked in the Technical Program Support Section, Air Permits Division, as a technical specialist where she focused on numerous special projects, including implementation of new public participation procedures, streamlining and integration of new source review and federal operating permit processing activities, and complex rule and policy projects for the division. She is a licensed professional engineer in Texas.
