

Texas Commission on Environmental Quality

MEMORANDUM

TO : The Regulated Community **DATE:** June 18, 2008
FROM : Petroleum Storage Tank (PST) Reimbursement and Technical Services
Section
SUBJECT : New Legislation Effective September 1, 2007 (except as noted)

Legislation passed in the 80th Regular Session (House Bill 3554) makes changes to statute which is effective September 1, 2007 (except as noted). This legislation makes the following changes to the PST Reimbursement Program.

1. Extends the current rule deadline date of September 1, 2007, for a site closure request, by four years.
2. Extends the current rule deadline date of July 1, 2007, for eligible owners/operators to request that an eligible site be placed in the agency's state lead program, by four years. (Effective June 15, 2007)
3. Extends the current rule deadline date of August 31, 2007, for eligibility of reimbursement, by four years.
4. Extends the current rule deadline date of March 1, 2008, for filing a reimbursement claim, by four years.
5. Extends the current rule deadline date of August 31, 2008, for payment of any reimbursement claim, by four years.
