

Biography: Jason Lindeman

Texas Commission on Environmental Quality
Field Operations Division, North Central and West Texas Area
Region 2 Lubbock

Current Position

Jason Lindeman is an Environmental Investigator in the Texas Commission on Environmental Quality Region 2 Lubbock Office. He currently coordinates and conducts investigations in the Public Water Supply, Concentrated Animal Feeding Operations, Storm Water, and On-Site Sewage Facilities programs, participates on the Regional Emergency Response team, and provides technical assistance to regulated entities and the public.

Prior Experience and Education

Jason received a Bachelor's Degree in Environmental Conservation of Natural Resources and a Master's Degree in Environmental Science from Texas Tech University. He also studied Environmental Policy Analysis in the Master's of Public Administration program at Texas Tech. Jason worked in the private sector as an environmental consultant while completing his Bachelor's Degree and as a Graduate Part-Time Instructor while earning his Master's Degree. He worked in the Region 2 Office as a Mickey Leland Intern during the summer of 2001, and then worked as a lab technician at an oil & gas lab after completing his Master's Degree. Jason returned to the Region 2 Office as a Mickey Leland Intern during the summer of 2003 before becoming a full time investigator for TCEQ. Jason graduated from the TCEQ's Aspiring Leaders Program in 2010.
