

**Biography: Jeff Borski**  
Water Quality Division  
Texas Commission on Environmental Quality

***Current Position***

Jeff is the full-time critical conditions analyst on the Water Quality Assessment Team.

***Prior Experience and Education***

Prior to joining the TCEQ, Jeff served as a biologist at the Texas General Land Office in La Porte, where his duties focused on assessing the impacts of construction projects on coastal public lands. Prior to that, Jeff worked as a field research assistant at the Environmental Institute of Houston. He holds master's degrees in both environmental biology and environmental management from the University of Houston-Clear Lake, where he studied marsh-grass genomics for his graduate research.
