

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION 6
1445 ROSS AVENUE, SUITE 1200
DALLAS, TX 75202-2733

AUG 16 2011

Mr. Brent Wade
Deputy Director
Office of Waste
Texas Commission on Environmental Quality
Post Office Box 13087
Austin, Texas 78711-3087

Dear Mr. Wade:

The Environmental Protection Agency Region 6 has completed its review of the FY2012 Quality Assurance Project Plan (QAPP) for the Environmental Monitoring and Measurement Activities Relating to the Resource Conservation and Recovery Act (RCRA) and Underground Injection Control. The document has been assigned tracking number Q-Track 11-464.

EPA reviewers found what apparently are two typos in the QAPP:

1. On page 15, in section A6.2.9, the third bullet should read, "Authorization of Class IV injection ..."
 2. The Field Operations Support Division is identified as "FOSD" and "FOS."
- While these have not triggered disapproval, we did want to bring them to your attention for future revisions.

EPA has approved the FY2012 QAPP effective September 1, 2011, and expiring August 31, 2012. The executed signature page and review checklist are enclosed. If we may be of further assistance, please call me at (214) 665-8503, or call Ms. Cheryl Scott, Texas RCRA Project Officer, at (214) 665-2179.

Sincerely,

A handwritten signature in black ink that reads "Paul Sieminski".

Paul Sieminski, P.E.

Chief

RCRA State/Tribal Oversight Section (6PD-O)
