

Texas Commission on Environmental Quality

Notice of Concentrated Animal Feeding Operation Application General Permit Authorization No. TXG920457

Application. Friona Industries, LP, P. O. Box 15568, Amarillo, Texas 79105 has applied to the Texas Commission on Environmental Quality (TCEQ) under General Permit No. TXG920000 for a non-substantial change to the terms of the nutrient management plan (NMP) previously submitted to the TCEQ. The Applicant is decreasing the acreage of land management unit (LMU) #2 - from 193 to 145 acres and using the area as a manure storage and compost area. The total land application area has decreased from 840 acres to 792 acres. Another change to the facility includes a revision to the design calculations for retention control structure #2. The notice of change application and the updated NMP were received by TCEQ on July 27, 2016.

No discharge of pollutants into the waters in the state is authorized by this general permit except under chronic or catastrophic rainfall conditions or events. All waste and wastewater will be beneficially used on agricultural land.

The facility is located at 6656 Farm-to-Market Road 214, Tulia, Swisher County, Texas. The facility is located in the drainage area of the Mackenzie Reservoir in Segment No. 0228 of the Red River Basin.

The Executive Director of the TCEQ has approved the proposed non-substantial change to the terms of the NMP. The revised terms of the NMP have been included in the permit record and it is available at the TCEQ's Central Records, 12100 Park 35 Circle Austin, Texas 78753.
