OR:

_____ I certify that as a representative of the aforementioned water system that this system did not provide water to another system by any means in the previous calendar year.

Notes regarding activity and use: For capacity compliance reasons, many of your receiving systems may be listed with "Active" status whether or not they received water from you last year. As long as you have an active contract to provide water to the system, the system's activity status should remain "Active". If relationships between you and your receiving systems have changed we request that you update their status.

Water Haulers: If you are a water hauler, please disregard the CCR details. Follow the instructions to provide information on which public water supplies or other customers receive hauled water from you and where you obtain the water.
