TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

September 14, 2005

Dear Stakeholder:

Re: Workgroup Invitation - Nutrient Criteria

The Texas Commission on Environmental Quality (TCEQ) is having a meeting of the Nutrient Criteria Development Advisory Workgroup to discuss continuing data analysis and preliminary development of nutrient criteria for reservoirs in the state of Texas. This is one in a series of workgroup meetings, and we are inviting you or a representative of your organization to attend the upcoming meeting.

The workgroup meeting has been scheduled for Monday, **September 26, 2005**, from 9:00 a.m. to 3:30 p.m. at the TCEQ Central Office, 12100 Park 35 Circle, Austin, Texas. The meeting will be held in Building F, Room 2210, which is on the second floor. Maps to the meeting location can be found on the TCEQ website at http://www.tceq.state.tx.us/about/directory/austin_offices_map.html.

Proposed presentations at the meeting include proposed criteria for all reservoirs with sufficient data for analysis, summary of the requirements of the data for use in criteria calculations, and a comparison between using the mean or median for assessment.

Your participation and input is valuable during this process. If you have any questions or need to update any contact information, please contact Ms. Sidne Tiemann of my staff. Ms. Tiemann can be reached by telephone at (512) 239-4606, by e-mail at stiemann@tceq.state.tx.us, or if by correspondence please include MC-150 in the letterhead address following her name. Thank you for your interest in water quality standards development.

Sincerely,

Mark Fisher, Section Manager
Water Quality Assessment Section
Water Quality Division
