
MEETING AGENDA

Carters Creek Watershed Assessment Project Update

May 7, 2013
3:00 PM – 4:30 PM

City of College Station
CSU Meeting and Training Facility Assembly Room
1601 Graham Road
College Station, Texas

The purpose of the meeting is to update watershed stakeholders on water quality monitoring activities being carried out under the “Carters Creek TMDL Implementation” project. An overview of water quality data observations to date will be provided and plans for the near future will be discussed. The project team will also be seeking feedback from stakeholders on the watershed survey which will be initiated this summer.

MEETING AGENDA

- 3:00 - Opening and Introductions (Lucas Gregory, TWRI)
- 3:05 – Project Overview and Water Quality Findings (Lucas Gregory, TWRI)
- 3:45 – Watershed Survey Approach (Lucas Gregory, TWRI)
- 4:15 – Open Discussion
- 4:30 – End of Meeting
