Openings: One(1)
Position #(s): 10413

Job Description:

Regulates facilities licensed and/or permitted through the Radioactive Materials Division by conducting technical reviews of reports and processing of applications; drafting or modifying permits and licenses; interacting with industry and the public; and interpreting applicability of regulations and policies for the Texas Commission on Environmental Quality (TCEQ). Provides routine engineering consultation and conducts data reviews for license and permit applications and amendment requests for recovery of source material, or storage, processing, disposal of low-level radioactive waste and by-product material, and deep well disposal of industrial and municipal wastes. Reviews and evaluates permit and license applications, reports, certifications and notices of waste management activities and correspondence to ensure compliance with applicable rules and regulations. Participates in public hearings conducted by the commission; meets with agency staff, applicants, licensees, permittees, government officials, and the public for assigned projects; and participates in on-site investigations. Completes and maintains accurate, organized and complete engineering assessments, reports, correspondence, and licensing review documents. Responds to inquiries from the public, following division policies and procedures. Coordinates and integrates technical reviews of permit and license actions to ensure complete, compliant, and timely responses. Completes special projects for the division and other agency programs related to source, by-product, and low-level radioactive material and related to deep well disposal of industrial and municipal waste.

Military Occupational Specialty (MOS) Codes: 12A, 12X, 51S, 72D, EA, 50, 59, ENG10, 8831, 8834, 3E5X1, and 8E000.

Minimum Qualifications:

ENGINEER I - Texas Professional Engineer's license.
ENGINEER II - Texas Professional Engineer's license plus one year of full-time engineering experience beyond licensure.
OR One year of full-time experience at TCEQ as an Engineer I.
ENGINEER III - Texas Professional Engineer's license plus two years of full-time engineering experience beyond licensure.
OR One year of full-time experience at TCEQ as an Engineer II.
ENGINEER IV - Texas Professional Engineer's license plus three years of full-time engineering experience beyond licensure.
OR One year of full-time experience at TCEQ as an Engineer III.
ENGINEER V - Texas Professional Engineer's license plus four years of full-time engineering

experience beyond licensure.

OR One year of full-time experience at TCEQ as an Engineer IV.

Qualifying work experience includes that obtained post licensure as an engineering graduate student or teacher.

Preferred Requirements:

Experience preparing reviews, evaluations, and reports related to radioactive materials licensing, underground injection control, or radioactive material and uranium recovery.

Special Requirements:

Moving up to 40 pounds of equipment and licensing documents.

Traveling up to 35% of the time to sites for investigation, including overnight stays.

Wearing protective clothing and a radiation dosimeter may be required at times due to potential exposure to ionizing radiation.

The agency will review the applicant's driving history in connection with the use of a vehicle in the performance of the job.

Condition of Employment:

TCEQ will verify Selective Service registration for males born on or after January 1, 1960. If exempt from Selective Service registration selected candidate must provide proof of exemption on first day of employment. Offers of employment are contingent on the candidate having legal authorization to work for the TCEQ. TCEQ will conduct a criminal history records search on candidates selected for posted vacancies. Only applicants who are interviewed will receive written non-selection notification.

Submit a standard State of Texas application for **each job posting** to the Texas Commission on Environmental Quality, Human Resources & Staff Services (HRSS) office by 5:00 p.m. on the closing date. A signed faxed or emailed copy is acceptable. In compliance with ADA, if you need any special accommodations during the employment process, please contact HRSS for assistance.
