### **Job Description:**

Provides highly advanced consultative and technical assistance related to the planning, development, implementation, and communication of air permitting policy, regulations, processes, and guidelines for internal and external customers of the TCEQ. Leads, conducts and/or participates in highly advanced projects/streamlining initiatives involving implementation of the Title V and New Source Review (NSR) Permitting programs; provides support for responses to Title V comment and objection letters and resolution of Title V/NSR programmatic issues (including Incorporation By Reference, appropriateness of various permitting mechanisms, sufficient monitoring, CAM and PM in either Title V or NSR permits, etc.); and participates in the development and implementation of other permitting policy, regulations, technical and business processes, and guidelines. Develops programs or implementation processes based on knowledge and skill in the application of techniques and procedures related to the air permitting regulations and policies. Serves as advisor and consultant to management and staff in technical matters and program functions; participates on agency and national teams and workgroups; briefs commissioners, executive management, legislators, and public and industry groups. Reviews highly complex state and/or federal (operating and new source) air permit applications, registrations, and certifications (i.e., permit projects) as necessary to assist with resolution of technical issues and/or with backlog reduction. Defines sources of contaminants and appropriate federal and state requirements. Reviews rule interpretations, emission calculations, determination of federal applicability, permit shield issues, sufficiency of monitoring, and/or stringency determinations. Develops and reviews Requirements Reference Table (RRT) projects and/or IMS Logic Table projects for State and Federal regulations. Acts as a mentor for other permit reviewers and/or engineering technicians on various projects; acts as a team leader or project manager; conducts ongoing refresher training to staff; trains new staff in areas concerning internal permit review procedures, navigating and using Title V IMS consistent with business rules, development and review of RRT and IMS logic; and various technical matters.

**Military Occupational Specialty (MOS) Codes:** 12A, 12X, 51S, 72D, EA, 50, 59, ENG10, 8831, 8834, 3E5X1, and 8E000.

### **Minimum Qualifications:**

Texas Professional Engineer's license plus five years of full-time engineering experience beyond licensure. Qualifying work experience includes that obtained post licensure as an engineering graduate student or teacher. OR One year of full-time experience as an Engineer V at TCEQ

### **Preferred Requirements:**

Experience providing air regulatory training or presenting air regulatory information to groups.

Experience peer reviewing permit reviewer's work.

Experience contributing to and participating on APD or agency teams.

Experience preparing, and/or finalizing policy memos and/or guidance documents pertaining to air regulations.

**Special Requirements:**

Moving up to 20 pounds of office equipment, documents and files.

Traveling up to 5% of the time.

**Condition of Employment:**

TCEQ will verify Selective Service registration for males born on or after January 1, 1960. If exempt from Selective Service registration selected candidate must provide proof of exemption on first day of employment. Offers of employment are contingent on the candidate having legal authorization to work for the TCEQ. TCEQ will conduct a criminal history records search on candidates selected for posted vacancies. Only applicants who are interviewed will receive written non-selection notification.

Submit a standard State of Texas application for **each job posting** to the Texas Commission on Environmental Quality, Human Resources & Staff Services (HRSS) office by 5:00 p.m. on the closing date. A signed faxed or emailed copy is acceptable. In compliance with ADA, if you need any special accommodations during the employment process, please contact HRSS for assistance.
