### **Job Description:**

Performs engineering work for the Austin Regional Office of the Texas Commission on Environmental Quality (TCEQ) relating to the Edwards Aquifer Program . Reviews and approves sealed engineering plans and specifications submitted by consulting firms for proposed construction projects; reviews and evaluates water pollution controls and situations dealing with environmental problems, with emphasis involving the Edwards Aquifer Recharge and Contributing Zones; and evaluates, reviews, modifies, and selects standards, techniques, procedures, and criteria. Conducts technical investigations, inspections, and site assessments to determine compliance with the Edwards Aquifer Rules; evaluates, and makes recommendations on observed conditions; and prepares technical reports. Coordinates and participates in policy and rule development and public education programs; plans technical projects related to program activities, and prepares technical articles and papers for presentations; and interacts with local, state, and federal agencies. Advises and provides technical assistance to the public, regulated community, and other interested groups. Responds to citizens' complaints, and to incidents of spills within the region. Assists with the development of safety programs; and provides agency training and staff development.

### **Military Occupational Specialty (MOS) Codes:**

12A, 12X, 51S, 72D, EA, 50, 59, ENG10, 8831, 8834, 3E5X1, and 8E000

### **Minimum Qualifications:**

ENGINEER I - Texas Professional Engineer's license.

ENGINEER II - Texas Professional Engineer's license plus one year of full-time engineering experience beyond licensure.

OR One year of full-time experience at TCEQ as an Engineer I.

ENGINEER III - Texas Professional Engineer's license plus two years of full-time engineering experience beyond licensure.

OR One year of full-time experience at TCEQ as an Engineer II.

ENGINEER IV - Texas Professional Engineer's license plus three years of full-time engineering

ENGINEER IV - Texas Professional Engineer's license plus three years of full-time engineering experience beyond licensure.

OR One year of full-time experience at TCEQ as an Engineer III.

ENGINEER V - Texas Professional Engineer's license plus four years of full-time engineering experience beyond licensure.

OR One year of full-time experience at TCEQ as an Engineer IV.

Please note: Qualifying work experience includes that obtained post licensure as an engineering graduate student or teacher.

**Special Requirements:**

Moving up to 25 pounds of planning materials.

Traveling up to 50% of the time.

Using various field equipment (ph meter, digging equipment).

The agency will review the applicant's driving history in connection with the use of a vehicle in the performance of the job.

**Condition of Employment:**

TCEQ will verify Selective Service registration for males born on or after January 1, 1960. If exempt from Selective Service registration selected candidate must provide proof of exemption on first day of employment. Offers of employment are contingent on the candidate having legal authorization to work for the TCEQ. TCEQ will conduct a criminal history records search on candidates selected for posted vacancies. Only applicants who are interviewed will receive written non-selection notification.

Submit a standard State of Texas application for **each job posting** to the Texas Commission on Environmental Quality, Human Resources & Staff Services (HRSS) office by 5:00 p.m. on the closing date. A signed emailed copy is acceptable. In compliance with ADA, if you need any special accommodations during the employment process, please contact HRSS for assistance.
