

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY  
**AGENDA ITEM REQUEST**  
for Adoption of Rules Review & Readoption of Chapter 222

**AGENDA REQUESTED:** June 26, 2019

**DATE OF REQUEST:** June 7, 2019

**INDIVIDUAL TO CONTACT REGARDING CHANGES TO THIS REQUEST, IF NEEDED:** Derek Baxter, Agenda Coordinator, (512) 239-2613

**CAPTION: Docket No. 2018-1369-MIS.** Consideration for the adoption of the rules review and readoption of 30 TAC Chapter 222, Subsurface Area Drip Dispersal Systems. This review is in accordance with Texas Government Code, Section 2001.039, which requires state agencies to review and consider for readoption each of their rules every four years. The proposal was published in the January 18, 2019, issue of the *Texas Register* (44 TexReg 335). (Laurie Fleet, Stefanie Skogen) (Project No. 2019-007-222-OW)

# Texas Commission on Environmental Quality

## Interoffice Memorandum

**To:** Commissioners **Date:** June 7, 2019

**Thru:** Bridget C. Bohac, Chief Clerk  
Toby Baker, Executive Director

**From:** L'Oreal W. Stepney, P.E., Deputy Director  
Office of Water

**Docket No.:** 2018-1369-MIS

**Subject:** Commission Approval for Adoption of Rules Review and Readoption of Rules  
Chapter 222, Subsurface Area Drip Dispersal Systems  
Rule Review of 30 TAC Chapter 222  
Non-Rule Project No. 2019-007-222-OW

**What the adopted action would do:**

This action will approve the rules review of Chapter 222, and readopt the chapter.

This action constitutes a determination by the Texas Commission on Environmental Quality, after opportunity for public review and comment, that the reasons for the rules of this chapter continue to exist.

**Applicable law:**

The review of the rules is authorized under the requirements of Texas Government Code, §2001.039; and the General Appropriations Act, Article IX, §9-10.13, 76th Texas Legislature, 1999, which require state agencies to review and consider for re adoption each of their rules every four years.

**Reason rules are needed:**

Executive director's staff conducted a review of the rules in Chapter 222 and determined that the reasons for adopting these rules continue to exist. The rules in Chapter 222 are required in order to implement Texas Water Code, Chapter 32 by establishing a permit application process for subsurface area drip dispersal systems (SADDs) and standards for the design, construction, location, operation, and maintenance of SADDs. A SADD is a waste disposal system that injects processed commercial, industrial, or municipal wastewater into the ground at a depth of not more than 48 inches and spreads the waste over a large enough area that the soil hydrologic absorption rate and crop/plant root absorption rate are not exceeded.

**Rules found to be obsolete:**

None.

**Public comment:**

A public hearing was not offered for this review. The comment period for the rules review closed on February 19, 2019. No comments were received.

**Affected agency program(s):**

The program area responsible for implementing these rules is the Water Quality Division.

# REVIEW OF AGENCY RULES

This section contains notices of state agency rules review as directed by the Texas Government Code, §2001.039. Included here are (1) notices of *plan to review*; (2)

notices of *intention to review*, which invite public comment to specified rules; and (3) notices of *readoption*, which summarize public comment to specified rules. The complete text of an agency's *plan to review* is available after it is filed with the Secretary of State on the Secretary of State's web site (<http://www.sos.state.tx.us/texreg>). The complete text of an agency's rule being reviewed and considered for *readoption* is available in the *Texas Administrative Code* on the web site (<http://www.sos.state.tx.us/tac>).

For questions about the content and subject matter of rules, please contact the state agency that is reviewing the rules. Questions about the web site and printed copies of these notices may be directed to the *Texas Register* office.

## Proposed Rule Reviews

Texas Commission on Environmental Quality

### Title 30, Part 1

The Texas Commission on Environmental Quality (commission) files this Notice of Intention to Review 30 TAC Chapter 117, Control of Air Pollution from Nitrogen Compounds.

This proposal is *limited* to the review in accordance with the requirements of Texas Government Code, §2001.039, which requires a state agency to review and consider its rules for readoption, readoption with amendments, or repeal every four years. During this review, the commission will assess whether the reasons for initially adopting the rules in Chapter 117 continue to exist.

Comments regarding suggested changes to the rules in Chapter 117 may be submitted but will not be considered for rule amendments as part of this review. Any such comments may be considered in a future rulemaking action by the commission.

#### Submittal of Comments

The commission invites public comment on this preliminary review of the rules in Chapter 117. Written comments may be submitted to Ms. Kris Hogan, MC 205, Office of Legal Services, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, Texas 78711-3087, or faxed to (512) 239-4808. Electronic comments may be submitted at: <https://www6.tceq.texas.gov/rules/ecomments/>. File size restrictions may apply to comments being submitted via the eComments system. All comments should reference Non-Rule Project Number 2018-049-117-AI. Comments must be received by February 19, 2019. For further information, please contact Graham Bates, Air Quality Division, at (512) 239-2606.

The Texas Commission on Environmental Quality (commission) files this Notice of Intention to Review 30 TAC Chapter 222, Subsurface Area Drip Dispersal Systems.

This proposal is *limited* to the review in accordance with the requirements of Texas Government Code, §2001.039, which requires a state agency to review and consider its rules for readoption, readoption with amendments, or repeal every four years. During this review, the com-

mission will assess whether the reasons for initially adopting the rules in Chapter 222 continue to exist.

Comments regarding suggested changes to the rules in Chapter 222 may be submitted, but will not be considered for rule amendments as part of this review. Any such comments may be considered in a future rulemaking action by the commission.

#### Submittal of Comments

The commission invites public comment on this preliminary review of the rules in Chapter 222. Written comments may be submitted to Derek Baxter, MC 205, Office of Legal Services, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, Texas 78711-3087, or faxed to (512) 239-4808. Electronic comments may be submitted at: <https://www6.tceq.texas.gov/rules/ecomments/>. File size restrictions may apply to comments being submitted via the eComments system. All comments should reference Non-Rule Project Number 2019-007-222-OW. Comments must be received by February 19, 2019. For further information, please contact Laurie Fleet, Water Quality Division, at (512) 239-5445.

TRD-201900032

Robert Martinez

Director, Environmental Law Division

Texas Commission on Environmental Quality

Filed: January 8, 2019

The Texas Commission on Environmental Quality (commission) files this Notice of Intention to Review 30 TAC Chapter 318, Marine Sea-water Desalination Discharges.

This proposal is *limited* to the review in accordance with the requirements of Texas Government Code, §2001.039, which requires a state agency to review and consider its rules for readoption, readoption with amendments, or repeal every four years. During this review, the commission will assess whether the reasons for initially adopting the rules in Chapter 318 continue to exist.

Comments regarding suggested changes to the rules in Chapter 318 may be submitted, but will not be considered for rule amendments as part of this review. Any such comments may be considered in a future rulemaking action by the commission.

#### Submittal of Comments

The commission invites public comment on this preliminary review of the rules in Chapter 318. Written comments may be submitted to Paige Bond, MC 205, Office of Legal Services, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, Texas 78711-3087, or faxed to (512) 239-4808. Electronic comments may be submitted

The Texas Commission on Environmental Quality (commission) has completed its Rule Review of 30 TAC Chapter 222, Subsurface Area Drip Dispersal Systems, as required by Texas Government Code, §2001.039. Texas Government Code, §2001.039, requires a state agency to review and consider for readoption, readoption with amendments, or repeal each of its rules every four years. The commission published its Notice of Intent to Review these rules in the January 18, 2019, issue of the *Texas Register* (44 TexReg 335).

The review assessed whether the initial reasons for adopting the rules continue to exist and the commission has determined that those reasons exist. The rules in Chapter 222 are required in order to implement Texas Water Code, Chapter 32 by establishing a permit application process for subsurface area drip dispersal systems (SADDs) and standards for the design, construction, location, operation, and maintenance of SADDs. A SADD is a waste disposal system that injects processed commercial, industrial, or municipal wastewater into the ground at a depth of not more than 48 inches and spreads the waste over a large enough area that the soil hydrologic absorption rate and crop/plant root absorption rate are not exceeded.

#### Public Comment

The public comment period closed on February 19, 2019. The commission did not receive comments on the rules review of this chapter.

As a result of the review the commission finds that the reasons for adopting the rules in 30 TAC Chapter 222 continue to exist and readopts these sections in accordance with the requirements of Texas Government Code, §2001.039.

# Texas Commission on Environmental Quality

## ORDER ADOPTING RULES REVIEW AND READOPTING RULES

Docket No. 2018-1369-MIS  
Non-Rule Project No. 2019-007-222-OW

On June 26, 2019, the Texas Commission on Environmental Quality (Commission) approved the rules review of 30 TAC Chapter 222, Subsurface Area Drip Dispersal Systems, in accordance with the requirements of Texas Government Code, § 2001.039, which requires a state agency to review and consider for re-adoption each of its rules every four years. The proposed Notice of Intention to Review was published in the January 18, 2019, issue of the *Texas Register* (44 TexReg 335).

IT IS THEREFORE ORDERED BY THE COMMISSION, that the rules review of 30 TAC Chapter 222 is hereby adopted. The rules and the preamble to the rules approved by the Commission are incorporated by reference in this Order as if set forth at length verbatim in this Order.

IF ANY PORTION OF THIS ORDER is for any reason held to be invalid by a court of competent jurisdiction, the invalidity of any portion shall not affect the validity of the remaining portions.
