Consideration of the adoption of amendments to Sections 290.41, 290.45, and 290.46 of 30 TAC Chapter 290, Public Drinking Water, and adopted new Section 291.200 of 30 TAC Chapter 291, Utility Regulations. The adoption would implement House Bill (HB) 252, HB 1973, Senate Bill 1086, Sections 1 and 2, 83rd Legislature, 2013, Regular Session, and HB 1814, Section 2, 82nd Legislature, 2011, Regular Session, relating to requiring retail public utilities and the system(s) that provides the utility's wholesale water service to provide the commission a report on the status of their water supply once the supply is less than 180 days. The adopted rulemaking would also develop standards for municipalities to require a utility to maintain a sufficient water flow and pressure to fire hydrants in a residential area or an industrial district located in the municipality or the municipality's extraterritorial jurisdiction for purposes of emergency fire suppression. The proposed rules were published in the March 14, 2014, issue of the *Texas Register* (39 TexReg 1835) for Chapter 290, and (39 TexReg 1857) for Chapter 291. MISCELLANEOUS MATTERS

Item 4

[Docket No. 2014-0660-MIS.](#)

Consideration of the adoption of Texas Emissions Reduction Plan: Guidelines for the Drayage Truck Incentive Program (RG-524). The guidelines would implement the new Drayage Truck Incentive Program established in Texas Health and Safety Code (THSC), Chapter 386, Subchapter D-1, Drayage Truck Incentive Program, by Senate Bill (SB) 1727, 83rd Texas Legislature, 2013, Regular Session, and the corresponding rules for the program in 30 TAC Chapter 114, Control of Air Pollution from Motor Vehicles, Subchapter K, Mobile Source Incentive Programs, Division 8, Drayage Truck Incentive Program. SB 1727 directed the commission to develop a purchase incentive program to encourage owners to replace drayage trucks with pre-2007 model year engines with newer drayage trucks and to adopt guidelines necessary to implement the program. The guidelines establish the procedures and criteria for the program. The guidelines were made available for public comment. Comments received have been considered and responded to in the Executive Director's Response to Comments. (Steve Dayton, Terry Salem) (Non-Rule Project No. 2014-021-OTH-NR)

Item 5

[Docket No. 2014-0618-MIS.](#)

Consideration of the adoption of revisions to Texas Emissions Reduction Plan: Guidelines for Emissions Reduction Incentive Grants (RG-388). The revisions to the guidelines would implement changes to Texas Health and Safety Code (THSC), Chapter 386, Subchapter C, Diesel Emissions Reduction Incentive Program, under Senate Bill (SB) 1727, 83rd Texas Legislature, 2013, Regular Session, and corresponding changes to the Texas Emissions Reduction Plan (TERP) rules, 30 TAC Chapter 114, Control of Air Pollution from Motor Vehicles, Subchapter K, Mobile Source Incentive Programs, Division 3, Diesel Emissions Reduction Incentive Program for On-Road and Non-Road Vehicles. Additional revisions to the guidelines were also proposed by the executive director. SB 1727 included changes and additions to the TERP eligibility criteria, including: removal of the maximum limit on the cost-effectiveness of a project; authorization for the agency to establish minimum percentage reduction standards alternative to the standards established for other projects as an

incentive for the conversion of heavy-duty on-road and non-road engines to operate under a dual-fuel configuration using natural gas and diesel; and authorization for the agency to consider test information to demonstrate reductions in emissions from a dual-fuel conversion system if the emissions certification requirements do not fully account for the emissions reductions. The revisions make the guidelines consistent with the statutory and regulatory changes. Additional changes proposed by the executive director clarify existing requirements and procedures. The proposed revisions to the guidelines were made available for public comment. Comments received have been considered and responded to in the Executive Director's Response to Comments. (Steve Dayton, Terry Salem) (Non-Rule Project No. 2014-021-OTH-NR)
