

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

**NOTICE OF HEARING
VENTANA DEVELOPMENT MCCRARY, LTD.
SOAH Docket No. 582-16-3773
TCEQ Docket No. 2016-0144-MWD
Permit No. WQ0015241001**

APPLICATION.

Ventana Development McCrary, Ltd., 142 County Road 222, Bay City, Texas 77414, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015241001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 200,000 gallons per day. TCEQ received this application on April 2, 2014.

The facility will be located approximately 0.25 mile north of the intersection of Brandt Road and McCray Road, on the east side of McCrary Road, in Fort Bend County, Texas 77406. The treated effluent will be discharged via a 1,530 foot pipeline to an unnamed tributary; thence to Jones Creek; thence to Brazos River Below Navasota River in Segment No. 1202 of the Brazos River Basin. The unclassified receiving water uses are limited aquatic life use for the unnamed tributary and high aquatic life use for Jones Creek. The designated uses for Segment No. 1202 are high aquatic life use, public water supply, and primary contact recreation.

In accordance with 30 Texas Administrative Code (TAC) § 307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Jones Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Fort Bend County Bob Lutts Fulshear/Simonton Branch Library, 8100 FM 359 Fulshear, Texas. As a public courtesy, we have provided the following Web page to an online map of the site or the facility's general location. The online map is not part of the application or the notice:

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a formal contested case hearing at:

**10:00 a.m. – June 20, 2016
William P. Clements Building
300 West 15th Street, 4th Floor
Austin, Texas 78701**

The contested case hearing will be a legal proceeding similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on April 8, 2016. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.
