**NOTICE OF HEARING
DENTON COUNTY MUNICIPAL UTILITY DISTRICT NO. 10
SOAH Docket No. 582-21-2602
TCEQ Docket No. 2020-1310-MWD
Permit No. WQ0015803001**

APPLICATION.

Denton County Municipal Utility District No. 10, c/o Julianne Kugle, Josh Kahn, and Judy Marcantel Sanford Kuhl Hagan Kugle Parker Kahn, LLP, 1980 Post Oak Boulevard, Suite 1380, Houston, Texas 77056, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015803001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 120,000 gallons per day. TCEQ received this application on June 4, 2019.

The facility will be located approximately 400 feet north and 400 feet west of the northwest corner of the intersection of Boss Range Road and Sam Reynolds Road, in Denton County, Texas 76247. The treated effluent will be discharged to Catherine Branch, thence to Denton Creek, thence to Grapevine Lake in Segment No. 0826 of the Trinity River Basin. The unclassified receiving water uses are minimal aquatic life use for Catherine Branch above unnamed tributary and high aquatic life use for Catherine Branch below unnamed tributary. The designated uses for Segment No. 0826 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code (TAC) § 307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Catherine Branch below unnamed tributary, which has been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. As a public courtesy, we have provided the following Web page to an online map of the site or the facility's general location. The online map is not part of the application or the notice:

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Justin Community Library, in the Coffee Bar on the community board, 408 Pafford Avenue, Justin, Texas.
