CITY OF GRANBURY
SOAH Docket No. 582-22-0585
TCEQ Docket No. 2021-1001-MWD
Permit No. WQ0015821001

APPLICATION.

City of Granbury, P.O. Box 969, Granbury, Texas 76048, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015821001, to authorize the discharge of treated domestic wastewater at an annual average flow not to exceed 2,000,000 gallons per day.

The facility will be located at 3121 Old Granbury Road, Granbury, in Hood County, Texas 76049. The treated effluent will be discharged to an unnamed tributary of Rucker Creek; thence to Rucker Creek; thence to Lake Granbury in Segment No. 1205 of the Brazos River Basin. The unclassified receiving water uses are limited aquatic life use for unnamed tributary of Rucker Creek, and high aquatic life use for Rucker Creek. The designated uses for Segment No. 1205 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code (TAC) § 307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Rucker Creek or Lake Granbury, which have been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. As a public courtesy, we have provided the following Web page to an online map of the site or the facility's general location. The online map is not part of the application or the notice: <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.739444%2C32.452777&level=12>. For the exact location, refer to the application.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Granbury City Hall, 116 West Bridge Street, Granbury, Texas.
