

PROTECTING THE ENVIRONMENT FOR TEXAS IS WHAT WE DO

At the Texas Commission on Environmental Quality, we are proud of our mission: clean air, clean water, and safe management of waste.

Our team of dedicated employees at our Austin central office and 16 offices throughout the state are committed to serving the public—professionalism, service, and technical expertise are at the heart of everything we do.

As a TCEQ employee, you will collaborate with scientific, technical and business leaders at our agency, other state agencies and both the public and private sector. You will learn from committed leaders in state government who will challenge you to stretch your skills and experience further than you ever imagined. Ultimately, your work at the agency will enable you to directly contribute to the health of our environment.
