|  |           |
|--|-----------|
| <b>Chapter 1 General Information</b> .....   | <b>1</b>  |
| Introduction .....   | 1         |
| What This Publication Contains.....  | 1         |
| About 30 TAC Section 101.10 .....  | 2         |
| A Self-Reporting Process .....   | 2         |
| Nonattainment Designations.....  | 3         |
| Special Inventory Request .....  | 3         |
| Emissions Inventory Reporting Requirements Map .....   | 5         |
| Due Date.....  | 5         |
| What Constitutes a Complete Submission? .....  | 5         |
| Requirements for a New Emissions Inventory or Updating an EI.....  | 6         |
| Special Requirements for a Site that Experienced Insignificant<br>Changes in Emissions.....                        | 7         |
| If a Site Does Not Meet the Requirements of 30 TAC Section 101.10<br>for the Current Emissions Inventory Year..... | 8         |
| If a Site Does Not Expect to Meet the Applicability Requirements of<br>30 TAC Section 101.10 in Future Years ..... | 8         |
| If a Site Is Permitted but Not Built .....   | 9         |
| Sample Calculations .....  | 9         |
| Confidential Data and Other Information.....   | 10        |
| Web Reporting .....  | 11        |
| Reporting an IEI or Submitting an AEIU through Interactive Web Entry.....  | 11        |
| Reporting an IEI or Submitting a Text File of the AEIU Online<br>through STEERS .....                              | 12        |
| <b>Chapter 2 Creating an Initial Emissions Inventory</b> .....   | <b>13</b> |
| The Emissions Inventory Process.....   | 13        |
| Requirements for Submitting an Emissions Inventory .....   | 13        |
| Understanding Emissions Inventory Structure .....  | 14        |
| Facilities and Emission Points.....  | 14        |
| Paths.....   | 15        |
| <b>Chapter 3 Emissions Inventory Structure</b> .....   | <b>17</b> |
| Identifying Emission Sources .....   | 17        |
| Guidelines for Including Sources in Emissions Inventory Structure .....  | 17        |
| Sources that Must Be Added to the EI and that May Be Grouped<br>as Collective Sources .....                        | 17        |

|  |           |
|--|-----------|
| Representing the Structure of a Regulated Entity<br>in the Emissions Inventory .....       | 18        |
| Facilities and Facility Identification Numbers .....                                       | 18        |
| Emission Points and Emission Point Numbers .....   | 19        |
| Abatement Devices and Control Identification Numbers .....                                 | 19        |
| Emission Paths .....   | 20        |
| Collective Sources (Collective Facilities) .....   | 20        |
| Representing Combustive Abatement Devices .....  | 21        |
| Appropriate Structural Representation of Common Industrial Processes .....                 | 22        |
| Cooling Towers .....   | 22        |
| Glycol Units and Amine Units .....   | 22        |
| Sulfur Recovery Units .....  | 25        |
| Loading Operations .....   | 26        |
| Blowdown Operations .....  | 27        |
| Surface Coating Operations .....   | 30        |
| Aggregate Operations .....   | 31        |
| Marine Operations .....  | 33        |
| Wastewater Collection and Treatment .....  | 36        |
| Chemical Production .....  | 36        |
| Modifying Existing Emissions Inventory Structure .....                                     | 37        |
| Removing Structure .....   | 37        |
| Changing Facility, Emission-Point, or Abatement-Device Nomenclature .....                  | 37        |
| <b>Chapter 4 Determining and Reporting Emissions .....</b>                                 | <b>39</b> |
| Required Emissions Data .....  | 39        |
| Acceptable Determination Methodologies .....   | 39        |
| Source-Specific Determination Methodologies .....  | 40        |
| Choosing a Determination Methodology when More than One<br>Is Used for a Contaminant ..... | 46        |
| General Order of Preference .....  | 47        |
| Using Factors from a Permit .....  | 48        |
| Speciating Emissions .....   | 48        |
| Speciating VOCs .....  | 48        |
| Speciating Hazardous Air Pollutants and Other Compounds of Interest .....                  | 50        |
| Speciating Particulate Matter .....  | 51        |
| Speciation Criteria Summary .....  | 53        |
| Reporting Emissions .....  | 54        |

|  |           |
|--|-----------|
| Annual Emissions.....  | 54        |
| Ozone Season Emissions .....   | 55        |
| Ozone Season Daily Rates Are Required from Sites in These Counties ..... | 56        |
| Emissions Events (EE) .....  | 58        |
| Scheduled Maintenance, Startup, and Shutdown (SMSS).....                 | 58        |
| <b>Chapter 5 Example Initial Emissions Inventory.....</b>                | <b>61</b> |
| Identifying Emission Sources .....                                       | 61        |
| Representing Emission Sources in the Emissions Inventory .....           | 63        |
| <b>Chapter 6 Updating an Emissions Inventory .....</b>                   | <b>71</b> |
| Updating EI Data .....   | 71        |
| Special Notes .....  | 71        |
| Account Information .....  | 72        |
| Contact Information.....   | 72        |
| Criteria Emissions Totals .....  | 72        |
| Site Quantifiable Event Totals.....                                      | 72        |
| Emissions Events Certifying Signature.....                               | 73        |
| Signature of Legally Responsible Party.....                              | 73        |
| Facility Information .....   | 74        |
| Control Device Information .....   | 79        |
| Parameters for Emission Points.....                                      | 80        |
| Total Aggregate Annual Heat Input.....                                   | 81        |
| Emissions Factors.....   | 81        |
| Updating Reported Emissions .....  | 82        |
| <b>Chapter 7 EI Revisions, Data Requests, Site Coordinate Data .....</b> | <b>85</b> |
| Revising an EI.....  | 85        |
| Current and Previous Reporting Year .....                                | 85        |
| Other Reporting Years .....  | 86        |
| EI Data Requests.....  | 87        |
| TCEQ Central Registry Integrated Web Reports.....                        | 87        |
| Data Available at the EAS Webpage .....                                  | 87        |
| Emissions Data Requests.....   | 88        |
| Paper EI Data Requests .....   | 88        |
| Coordinate Data .....  | 88        |
| Spatial Queries and Mapping Application Viewer .....                     | 88        |
| <b>Appendix A Technical Supplements.....</b>                             | <b>89</b> |
| Miscellaneous VOC Sources.....   | 89        |

|  |     |
|--|-----|
| Casing Head Gas Releases .....   | 89  |
| Coking Units .....   | 89  |
| Confined Entry Ventilation .....                                       | 90  |
| Merox Units.....   | 90  |
| Glycol Dehydration Operations .....                                    | 90  |
| Amine Units in Carbon Dioxide Service .....                            | 91  |
| Technical Supplements.....   | 91  |
| Technical Supplement 1: Selected Combustion Sources .....              | 93  |
| Introduction.....  | 93  |
| Internal Combustion Engines .....                                      | 93  |
| External Combustion Sources Burning Natural Gas.....                   | 100 |
| Combined-Cycle Turbines with Heat-Recovery Steam Generators .....      | 103 |
| Portable Engines .....   | 105 |
| Coal-Fired Boilers .....   | 105 |
| Technical Supplement 2: Cooling Towers .....                           | 111 |
| Introduction.....  | 111 |
| Cooling Tower Structure.....   | 111 |
| Cooling Tower Source Classification Codes.....                         | 112 |
| Expected Emissions .....   | 112 |
| Emissions Determination .....  | 113 |
| Annual and Ozone Season Rates .....                                    | 116 |
| Speciation.....  | 116 |
| Supporting Documentation.....  | 116 |
| Issues of Special Concern.....   | 116 |
| References.....  | 117 |
| Technical Supplement 3: Fugitive Emissions from Piping Components..... | 119 |
| Introduction.....  | 119 |
| Fugitive Component Structure .....                                     | 119 |
| Expected Emissions .....   | 120 |
| Quantifying Fugitive Emissions from Piping Components.....             | 120 |
| Determining Emissions from Monitored Components.....                   | 121 |
| Determining Emissions from Unmonitored Components .....                | 124 |
| Speciation.....  | 129 |
| Supporting Documentation.....  | 129 |
| Issues of Special Concern.....   | 129 |
| References.....  | 133 |

|  |            |
|--|------------|
| Technical Supplement 4: Flares .....                               | 135        |
| Introduction.....  | 135        |
| TCEQ 2010 Flare Study .....  | 136        |
| Expected Emissions .....   | 136        |
| Emissions Determination .....                                      | 137        |
| Annual and Ozone Season Rates.....                                 | 140        |
| Speciation of Uncombusted Flared Gas Compounds.....                | 141        |
| Supporting Documentation.....                                      | 141        |
| Reporting Emissions from a Shared Flare .....                      | 141        |
| References.....  | 142        |
| Technical Supplement 5: Marine Facilities.....                     | 143        |
| Introduction.....  | 143        |
| Expected Emissions .....   | 144        |
| Determining Emissions .....  | 144        |
| Annual and Ozone Season Emission Rates .....                       | 146        |
| VOC and Particulate Speciation .....                               | 147        |
| Supporting Documentation.....                                      | 147        |
| Issues of Special Concern.....                                     | 148        |
| Technical Supplement 6: Aboveground Liquid Storage Tanks.....      | 149        |
| Introduction.....  | 149        |
| Expected Emissions and Determination Methods .....                 | 150        |
| Quantifying Storage Tank Emissions.....                            | 151        |
| Speciation.....  | 167        |
| Supporting Documentation.....                                      | 168        |
| For More Information.....  | 168        |
| References.....  | 168        |
| <b>Appendix B Sample Letters.....</b>                              | <b>171</b> |
| Letters that May Be Submitted Instead of an EI.....                | 171        |
| Printing and Updating EIQ Pages Required with These Letters .....  | 171        |
| Inapplicability Notification .....                                 | 172        |
| Insignificant Emissions Change Notification.....                   | 174        |
