

Instructions for Obtaining Site Specific Emissions Inventory Reports

Procedures:

1. Go to the following web link to access the Central Registry query page:
<http://www15.tceq.texas.gov/crpub/>
2. To search by a site's Air Account Number, click on the "Program ID Search" link (Figure 1).

Figure 1

3. Enter the Air Account number under the “Program ID” field and click the “Search” button (Figure 2).

Figure 2

4. Scroll down to the Permits, Registrations, or Other Authorizations” section and locate the “Air Emissions Inventory” row in the “Program” column. Click on the hyperlinked Air Account Number in the “ID Number” column (Figure 3) of this row. This will route you to the “Related Information” page for the Air Emissions Inventory Account Number.

The report generates a list of active and/or deactivated FINs (sources) and EPNs (emissions points) paths for a specified site.

The report summarizes a site's reported emissions for a specified calendar year.

This report generates a historical emissions inventory questionnaire for a specified calendar year that may be used to update your current EI.

The report lists the type of pollutants, annual emissions, ozone season emissions, emissions from emissions events, and emissions from scheduled maintenance, startup, and shutdown activities reported at the FIN/EPN paths for a specified calendar year. The user can specify the type of pollutant(s), pollutant class, FIN(s), and/or EPN(s).

The report summarizes total emissions by criteria pollutant for previous calendar years.

For questions, please contact the Emissions Inventory Helpline at (512) 239-1773.
