The GAFF Grant Program will provide grants to assist eligible applicants in purchasing or leasing new motor vehicles that operate primarily on compressed natural gas, liquefied natural gas, liquefied petroleum gas, hydrogen fuel cells, or electricity, including electricity to power fully electric motor vehicles and plug-in hybrid motor vehicles. The GAFF Grant Program will also provide grants to assist eligible applicants in the installation of refueling infrastructure for grant funded vehicles.

Eligible applicants include:

- \* a mass transit or school transportation provider or other public entity established to provide public or school transportation services.

The TCEQ will conduct a stakeholder meeting to solicit informal comments on the implementation and administration of the GAFF Grant Program on Wednesday, September 4, 2019, at 1:30 p.m., at the commission's central office located at 12100 Park 35 Circle, Building E, Room 201S, Austin, Texas.
