Good Morning,

I wanted to reach out in regards to the VW Settlement and how it will be allocated in Texas. I am reaching out on behalf of [Stealth Power](#). We develop innovative mobile energy systems that provide power to run electrical equipment without the need to constantly run an engine or generator. Our batteries reduce engine idling and engine usage, and thus help decrease ozone pollution. We have partnered with the City of Austin and FDNY on reducing emergency vehicle's pollution, and we would love to partner with your team as well. I was wondering who would be a great point of contact.

Please advise, and I look forward to connecting.

Sincerely,

Donika
