Subject: Use VW Settlement for electric school buses

<https://cleantechnica.com/2018/10/03/electrify-school-buses-in-texas-with-vw-settlement-money-campaign/>

This excellent article details the many compelling reasons. Better for the environment, better for the schoolchildren, better for the neighborhoods. Especially better in Texas, which already leads the nation in exploiting renewable wind and solar energy. Let's build on our success! This is an idea whose time has come.
