

Emissions Reduction Incentive Grant Supplemental Activity Application Form Replacement of Heavy Duty Vehicles and Equipment

TCEQ-10430b
Version 16.01

Applications will be considered void if language is altered.
The completed form should be attached to the Project Application Form TCEQ-10430.
This application form is only valid for the application period ending February 2, 2016, or subsequent end date if the application period is extended.

Application Deadline:

ERIG applications will be accepted until 5 p.m. Central Time on February 2, 2016, unless extended to a later date by the TCEQ.

Texas Commission on Environmental Quality
Air Quality Division
Implementation Grants Section (ERIG), MC-204

Replacement of Heavy Duty Vehicles and Equipment

Form 1 - General Information

Attach this form to the Project Application Form TCEQ-10430

1. Emission source

Mark with an X below the replacement emissions source for this application. (Only one source allowed.)	
On-Road Heavy Duty Vehicles:	
Non-Road Heavy Duty Equipment:	
Stationary Equipment:	

2. Has the vehicle or equipment already been acquired? (Mark the appropriate box with an X.)

Yes:		No:	
Date of acquisition:			
Expected # of months to complete the acquisition:			

3. Has this activity been included in a previous application to TCEQ? (Mark the appropriate box with an X.)

Yes:		No:	
If the box above was marked yes, then please explain and include the date:			

Non-Road Heavy-Duty Equipment Used for Natural Gas Recovery Only

4. Is the non-road equipment used for natural gas recovery purposes? (Mark the appropriate box with an X.)

Note: Non-Road equipment used for natural gas recovery purposes, attach the Supplemental 2: Non-Road Heavy-Duty Equipment Used for Gas Recovery Purposes.

Yes:		No:	
------	--	-----	--

Is the applicant requesting an exemption to operate the equipment used for natural gas recovery purposes less than 75% of the annual use in the areas designated in the application? (Mark the appropriate box with an X.)

Yes:		No:	
------	--	-----	--

Note: If the applicant is exempt from using the equipment less than 75% of the annual use in the designated areas, the applicant must agree to install a GPS tracking device through a designated TGMS Contractor to track and report usage and location of the use of the non-road equipment. Refer to section 2.7(c) of the RFGA for an explanation of the percent of use commitment.

Replacement of Heavy Duty Vehicles and Equipment

Price Analysis For Vehicle or Equipment Being Purchased

The price of the vehicle or equipment must be reasonable, as determined by whether the price exceeds the price normally charged for that type of vehicle or equipment absent the availability of a grant. A price comparison option must be entered in Form 4 for each activity. You must provide an original price quote for the vehicle or equipment to be purchased or, if the purchase has already been made, a copy of the invoice or purchase order. In addition, you must provide the price comparison information required for the option chosen. Governmental entities must follow competitive purchasing laws applicable to that entity in making a grant-funded purchase.

Price Quote Guidelines

The cost information listed for the new vehicle/equipment must match the price quotes. Price quotes must be original and must have the **applicant's name** on the quote.

The **dealer should sign and date** the quote and provide contact information. Price quotes should be dated no more than three months prior to the application date.

The price quote should include specifications and prices for the standard vehicle or equipment options and additional equipment and option, to include as applicable:

- a. specifications of the vehicle or equipment;
- b. base price for standard feature vehicle or equipment;
- c. itemized list and prices for factory-installed optional features;
- d. itemized list of and price for add-on equipment to be sold and installed by the dealer (i.e. dump bed, wet kit, etc.);
- e. additional fees and charges;
- f. taxes.

1. No Price Comparison Information is Required. If you choose one of the following options, only one primary price quote must be provided. If the purchase has already been made, then a copy of the invoice or purchase order should be provided. No additional price comparison information is required unless requested by the TCEQ.

Option A: The applicant is a governmental entity and will use competitive purchasing procedures or purchase from a cooperative purchasing program. Price information from a cooperative purchasing list or a written price quote must still be provided to show the expected cost.

Option B: The requested grant amount listed in Section 4 of this form does not exceed 60% of the vehicle or equipment cost.

2. Price Comparison Information is Required. If you did not choose one of the options above, you must provide price comparison information as requested under at least one of the options listed below. Choose the applicable option below and provide the requested information in addition to one primary price quote.

Option C: Two or more additional original price quotes for the same make, model, and model year of vehicle or equipment from unrelated dealers.

Option D: Price information from a current government-approved price/bid list or cooperative purchasing price/bid list for the same make, model, and model year of vehicle or equipment.

Option E: Price information from a current published/advertised price list available to the general public for the same make, model, and model year of vehicle or equipment.

Option F: If the vehicle or equipment is "used," current advertised price information from internet marketing sites or other public advertisements for two or more of the same make, model, and model year of vehicle or equipment.

Option G: Documentation of prices charged for at least two recent sales to non-TERP customers by the dealer for the same make, model, and model year of vehicle or equipment. This information may include invoices or purchase orders with the identifying customer information blacked out or other written documentation (sales report, sales list, etc.) from the dealer.

3. The TCEQ is not obligated to accept a price quote if the price does not appear to be reasonable. If the price on the primary price quote is higher than the price comparison information provided above, you must provide an explanation of why the price should be considered reasonable. If no price comparison information is available, you must explain why the information is not available and why the price being charged should be considered reasonable. The TCEQ is not obligated to accept the price listed and may deny an application where the price is determined unreasonable or may use a lower amount for determining the incremental cost for the grant. The TCEQ may use published national pricing/value guides and comparison with prices charged for other grants to determine if the price is reasonable.

Option H: No price comparison information is available. This option will be accepted only in unusual or special circumstances, such as with a unique type of vehicle or equipment available from only one source. An explanation of why no price comparison information is available must be provided below, along with a justification for why the price should be considered reasonable.

Replacement of Heavy Duty Vehicles and Equipment

Vehicle/Equipment Financial Data

Form 4.1

1. Incremental Cost / Cost to Applicant Calculation

(Refer to section 2.2 of the RFGA for explanations of incremental cost, global positioning system, and scrappage value under Eligible Cost)

Description	Activity Number:				
Price Analysis Option:					
Capital Cost - Vehicle/Equipment Purchase (A):					
Global Positioning System (B):					
Scrappage Value (C): (The TCEQ will use a default scrap value of \$1,000 for heavy-duty)					
Other Financial Incentives and Tax Credits (D):					
Incremental Cost / Cost to Applicant (E): (A + B - C - D = E)					

2. Maximum Grant Amount Calculation

(Refer to RFGA for explanation of maximum grant amount calculation, Section 2.2, Maximum Eligible Grant Amount)

Description	Activity Number:				
Incremental Cost / Cost to Applicant (E):					
Enter the maximum % (F):	80%	80%	80%	80%	80%
Maximum Eligible Grant Amount (G): (E x F = G)					
Grant Amount Requested for This Activity:					

3. Other Financial Incentives and Tax Credits

Explain any other financial assistance to be used for the purchase or lease, such as tax credits or deductions, other grants, or any other public financial assistance. This does not include the amount you finance through a bank or other third-party to purchase the equipment.	
---	--

4. Financing or Lease Terms for Replacement Vehicles

Reimbursement will not be authorized for pre-payment of future periodic financing or lease payments. A grant recipient will need to either ensure that sufficient payments will be made prior to the end of the grant term to use the grant amount or structure the financing or lease agreement to allow for an up-front payment in return for lower periodic payments. CHOOSE ONE:

Capital Lease Financing (equipment will be purchased and retained at the end of the lease). This option is limited to capital lease agreements with a binding commitment for the applicant to take ownership of the equipment. An option to buy at the end of the lease term, without this binding commitment, will not be considered under this option.		Regular Financing:		Cash Purchase:		Lease: Equipment will be returned at the end of the lease. The lease must extend for at least the Activity Life.
Explain financing or lease terms, including the length (months) of the lease or financing:						

Replacement of Heavy Duty Vehicles and Equipment

Vehicle/Equipment Financial Data

Form 4.2

1. Incremental Cost / Cost to Applicant Calculation

(Refer to section 2.2 of the RFGA for explanations of incremental cost, global positioning system, and scrappage value under Eligible Cost)

Usage

1. Usage Commitment Option - List either Option 1 or Option 2 as described in section 2.8 of the RFGA:
 (By selecting Option 2, the applicant may be required to install GPS on the Vehicle/Equipment unless this requirement is waived by the TCEQ)

2. If the TCEQ does not waive the GPS requirements, would the applicant like to use the Option 1 defaults?
 (Mark the box to the right Yes or No)

3. Annual Usage Is the annual usage listed below in miles, gallons, or hours?

List the annual usage for each activity

If you chose Option 1 above, enter the default usage value for the specific vehicle/equipment in the space below (See Appendix C in the RFGA for default usage values for Option 1).

Form 9

Option 2 Usage Rates Justification

Explain below in detail how you arrived at the proposed usage rate. **In addition to the explanation below, you must provide documentation** as outlined in section 2.8 of the RFGA used to justify the usage for the Option 2.

Note: If you have chosen option 1 (default values) for your usage commitment, you do not need to complete this form.

Explanation:

Large empty light blue box for providing the explanation.

Replacement of Heavy Duty Vehicles and Equipment

Vehicle/Equipment Information

Form 10

Applicant Certification of Ownership or Lease, Condition, and Historical Use
Complete for EACH Replacement Activity

Activity Number:

Complete a separate form for each replacement activity

Sign below to certify that, unless a wavier has been submitted, these conditions have been met.

1. Ownership or Lease

a. Vehicle or equipment has been continuously owned for the preceding two years. For vehicle titles, the applicant has been listed on the front of the title document for the preceding two years.

b. If vehicle is leased, the applicant has leased the vehicle for the preceding two years and the applicant is listed as the lessee on the lease agreement for the preceding two years.

Date of purchase or lease: _____

Previous owner or leasing company: _____

Is a waiver for the Ownership and Use requirements being requested? (Mark the box to the right Yes or No.)

2. Registration (on-road vehicles)

a. The vehicle has been continuously registered for operation in Texas for the preceding two years. Vehicles with apportioned registration will be required to submit annual usage summaries with the application.

License Plate: _____

Registration expiration date: _____

Is a waiver for the Registration requirements being requested? (Mark the box to the right Yes or No.)

3. Operation in Texas

a. The vehicle or equipment has been continuously located and used in Texas for the preceding two years.

Is a waiver for the Operation in Texas requirements being requested? (Mark the box to the right Yes or No.)

4. Historical Use

Miles (on-road vehicles):
(List average annual use for the preceding two years) _____

Hours (non-road equipment and stationary equipment):
(List average annual use for the preceding two years) _____

Fuel Use (on-road vehicles with a significant (>25%) power take off operation, if you intend to use vehicle fuel use as the usage factor):
(List average annual use for the preceding two years) _____

The vehicle/equipment being replaced has how many total miles/hours indicated on the odometer/meter? _____

Is the odometer/hour meter working? (Mark the box to the right Yes or No.)

If you are selecting Option 2, you must also complete Form 9 and should provide documentation to prove that the listed historical usage is correct. Under Option 2, the future use commitment may not exceed the average annual historical use.

5. Condition

a. The vehicle or equipment is currently in good operating condition and capable of performing its primary function at the time of signature.

b. To the best of the applicant's knowledge, the vehicle or equipment is capable of continuing to perform its primary function for at least the period of the designated activity life, taking into account normal maintenance, repairs, and upkeep.

Is a waiver for the Condition requirements being requested? (Mark the box to the left Yes or No.)

6. Continued Operation and Use

a. If the grant funds were not available, the applicant expects to otherwise continue to operate the vehicle or equipment in Texas for at least the period of the designated activity life and the applicant otherwise would not have planned to replace the vehicle or equipment.

b. If the vehicle is currently leased, the lease agreement extends through the period of the designated activity life or the lease includes a binding commitment to purchase.

Is a waiver for the Continued Operation Use requirements being requested? (Mark the box to the right Yes or No.)

7. Signature

Signature of Authorized Official: _____

Date of Signature (must be the date the form was signed in blue ink): _____

Replacement of Heavy Duty Vehicles and Equipment

This page should be used as a checklist before grant application submission.

Below is a list of all the pages that require a signature. ALL forms must include original signatures in all signature blocks and should be signed in BLUE ink. No photocopies, faxes, scanned copies, or other copies of required signatures will be accepted. If a signature page is missing or has been altered, the application will not be considered.

SIGNATURE PAGES

Signature Page (Authorized Official); Certification of Eligibility to Receive a State-Funded Grant (Authorized Official); Vehicle Certification (Certified Mechanic); Applicant Certification of Ownership or Lease, Condition, and Historical Use (Authorized Official); ; W-9 Form (Authorized Official)

The following documentation, if applicable, is required with the application

1. Supplemental Form 1: Stationary Equipment (if applicable)
2. Supplemental Form 2: Non-Road Heavy-Duty Equipment Used for Gas Recovery Purposes (if applicable)
3. Waiver Request (if applicable)
4. W-9 Form (Request for Taxpayer Identification Number and Certification Form)
5. Photocopy of state or federal issued identification card (if applicant is individual or sole proprietor)
6. Copy of current title or lease agreements (vehicle leases only) listing the applicant as the owner or lessee. If the current title/lease agreement does not show ownership for at least two years prior to the opening of this grant round, copies of previous title or lease documents.
For equipment that is not titled, copy of bill of sale or other documents showing ownership for previous two years.
7. Copy of current registration document or receipt, if registration required for the equipment being replaced.
If registration was renewed within the last six months, attach copies of previous registration documentation to show continuous registration for two years. (On-Road Only)
8. Applicants with apportioned vehicles must submit annual usage summaries that include accurate dates and miles driven in each registered state. Acceptable usage documentation may include individual Vehicle Distance Records (IVDR) required under the International Registration Plan (IRP), and other similar travel records. (On-Road Only)
9. Three color photographs showing (1) the entire vehicle/equipment, including the tires front, side, and rear view, (2) a picture of the entire engine, with the engine plate visible if possible, and (3) the vehicle registration.
10. A detailed original price quote for the purchase of the vehicle/equipment/engine (if it has not yet been purchased) and required comparison price quotes.
11. If the vehicle/equipment/engine has already been purchased, provide the purchase, lease, or financing agreement and/or invoice showing the price paid. The purchase may not have been made before the opening of the grant application period.
