AGRICULTURAL PRODUCT TRANSPORTATION
Form 5

<p style="text-align: center;">a. Does this form apply to all activities in the application?</p> <p>Note: A Separate Form 5 must be completed for activities operating different percentages in the eligible areas.</p>	
<p style="text-align: center;">b. List the type of transportation business (i.e. transportation of dairy):</p>	
<p style="text-align: center;">c. List the specific agricultural product the vehicle will be transporting:</p>	
<p style="text-align: center;">d. List the final destination (county) the agricultural product will be delivered:</p>	
<p style="text-align: center;">e. Will the vehicle listed in the application be used <u>solely</u> as a transporter of agricultural products?</p>	

Projects involving the transport of raw agricultural products may be exempt from the requirement that grant-funded vehicles operate at least 25% of annual mileage in the eligible counties. To qualify, agriculture product transportation projects must: **(a)** include vehicles used solely for agricultural product transportation purposes, **(b)** involve the transport of raw agricultural products from the place of production to a final destination in an eligible county (see Form 2c for a complete list of eligible counties), and **(c)** operate a minimum of 10% in the eligible area for each activity to be eligible for funding.

Please explain the historical use of the vehicle(s) being replaced, and the intended use of the replacement vehicle(s) for agricultural product transportation purposes, in the space provided below.

Note: Projects that exceed 25% of annual mileage in eligible counties do not qualify under Agriculture Product Transportation.
