

# Texas Clean Fleet Program Supplemental Activity Application Form For Replacement of Light-Duty Diesel Vehicles

TCEQ-20556b

Version 17.01

Applications will be considered void if language is altered.

The completed form should be attached to the Project Application Form TCEQ-20556.

This application form is only valid for the application period ending October 18, 2016, or subsequent end date if the application period is extended.

## **Application Deadline:**

TCFP applications will be accepted until 5 p.m. Central Time on October 18, 2016 unless extended to a later date by the TCEQ.

Texas Commission on Environmental Quality  
Air Quality Division  
Implementation Grants Section (TCFP), MC-204  
P.O. Box 13087  
Austin, TX 78711-3087

**Texas Clean Fleet Program  
Supplemental Activity Application**

**Form 1 - Disposition and Travel Description Page**

Attach the complete form to the Project Application Form TCEQ-20556.

**1. Has the purchase of the new vehicle(s) been completed?** Mark the appropriate box with an X.

Yes:		No:	
If Yes, enter the date the purchase was completed: (purchases completed prior to the opening of the grant round are not eligible)			
If <b>No</b> , enter the approximate date the purchase will be completed:			

**2. Are you proposing a method of destruction other than the approved method listed in Section 2.7 of the RFGA?** Mark the appropriate box with an X.

Yes:		No:	
------	--	-----	--

**Does the alternative method of destruction apply to all activities?** Mark the appropriate box with an X.

Yes:		No:	
------	--	-----	--

If **No**, please list the activity numbers the alternative method of destruction applies to below.

Explain the alternative method of destruction in the box below. If needed, please attach additional pages.

**3. Travel Description:** Please describe your typical route, including: a) daily, weekly, or monthly trips, b) cities traveled between, and c) highways traveled. This information must match the percentage and areas marked on Form 4c.

Texas Clean Fleet Program

AGRICULTURAL PRODUCT TRANSPORTATION

Form 7

<p><b>1a.</b> Does this form apply to all activities in the application? <b>Note:</b> A Separate Form 7 must be completed for activities operating different percentages in the eligible areas.</p>	
<p><b>1b.</b> List the type of transportation business (i.e. transportation of dairy):</p>	
<p><b>1c.</b> List the specific agricultural product the vehicle will be transporting:</p>	
<p><b>1d.</b> List the final destination (county) the agricultural product will be delivered:</p>	
<p><b>1e.</b> Will the vehicle listed in the application be used <u>solely</u> as a transporter of agricultural products?</p>	

Projects involving the transport of raw agricultural products may be exempt from the requirement that grant-funded vehicles operate at least 25% of annual mileage in the eligible counties. To qualify, agriculture product transportation projects must: **(a)** include vehicles used solely for agricultural product transportation purposes, **(b)** involve the transport of raw agricultural products from the place of production to a final destination in an eligible county (see Form 4c for a complete list of eligible counties), and **(c)** operate a minimum of 10% in the eligible area for each activity to be eligible for funding.

Please explain the historical use of the vehicle being replaced, and the intended use of the replacement vehicle for agricultural product transportation purposes, in the space provided below.

**Note:** Projects that exceed 25% of annual mileage in eligible counties do not qualify under Agriculture Product Transportation.
